Midco to Acquire WOW! System in Lawrence, KS

October 21, 2016 – Sioux Falls, SD, and Denver, CO: Midco has signed an agreement to acquire the WOW! internet, cable and phone system in Lawrence, KS. The deal signals Midco's entry into Kansas, where the company will serve more than 30,000 customers in Douglas, Leavenworth and Wyandotte counties.

WOW! Lawrence is the area's premier residential and commercial communications company. Prior to 2010, the provider operated as Sunflower Broadband, an independent, locally owned company with a strong legacy dating to 1970. As of 2016, WOW! Lawrence passes 67,000 homes and businesses.

Midco currently provides telecommunications, data center and managed services, and advertising solutions to more than 350,000 customers in Minnesota, North Dakota, South Dakota and Wisconsin. Midco also owns and operates [Midco Sports Network](#)®, an award-winning sports channel covering regional college and high school sports. In addition to the WOW! telecommunications holdings, Midco will purchase WOW! Channel 6, Lawrence's only local TV broadcaster.

"We could sense the pride in the local community the first time our team set foot in Lawrence. We experience the same positive environment in the towns we serve further north, so this acquisition just feels like the right fit culturally," says Pat McAdaragh, President & CEO of Midco.

In the coming months, Midco is committed to a smooth transition for Lawrence-area customers and approximately 70 WOW! employees who will be welcomed into the Midco family. The company currently employs 1,500 people in the Dakotas and Minnesota.

"Midco's strength is taking care of our customers, our employees and the communities we serve. We look forward to taking that same approach in the Lawrence area," adds McAdaragh.

"At WOW!, we're familiar with the quality operation Midco runs. I'm confident that the people, businesses and institutions in the Lawrence area will be pleased with Midco's customer care philosophy, its integrity and its commitment to innovation," says Steven Cochran, WOW! CEO.

Economic Strength and Staying Power

The Lawrence area's robust economy and bright future were key factors in Midco's decision to invest in WOW! Lawrence. Douglas County is one of the fastest growing in the state, the area boasts of low unemployment and a solid housing market

"From healthcare and bioscience to technology and startups, we're impressed by the growth and innovation happening in Lawrence," says McAdaragh. "And it becomes a more powerful,

compelling story because Lawrence is home to the University of Kansas, a top-tier public research institution.”

In 2015, Forbes Magazine recognized Lawrence as #5 on its list of the Best Small Places for Business and Careers in the nation.
