Cleveland – February 7, 2019 – [WOW! Internet, Cable & Phone](#) (NYSE: WOW), a leading broadband and communications service provider, today announced the availability of Internet, cable and phone services, including WOW!’s fastest 1 Gig fiber-to-the-neighborhood service to residents and businesses in Lyndhurst and Mayfield Heights, Ohio – communities surrounding Cleveland.

Lyndhurst and Mayfield Heights customers will also have access to WOW!’s Whole-Home WiFi solution that provides customers with a custom, scalable network to stream, work and browse from every corner of their home. Instead of using a single router, Whole-Home WiFi is customized to every home using multiple access points, learning your space, devices and network usage to deliver fast Internet anywhere you need.

“WOW! has put a large emphasis on expansion throughout Ohio during the last year in order to bring our services to more residents surrounding our Cleveland and Columbus markets,” said Greg Argetsinger, WOW! vice president of operations. “We are thrilled to have completed our Mayfield Heights and Lyndhurst networks where residents now have the option for WOW!’s fastest, most reliable Internet speeds, paired with WOW!’s new mesh network solution – Whole Home WiFi.”

WOW! currently offers residential and business services in Cleveland and Columbus. With a better Internet, cable and phone experience now available to Lyndhurst and Mayfield Heights residents, WOW! eagerly welcomes the opportunity to bring high-speed Internet and nicer-than-nice customer service to even more Cleveland-area residents.
