S2. BASIC LOCAL EXCHANGE SERVICE

S2.12 LOCAL DIRECTORY ASSISTANCE SERVICE

A. General

The Company furnishes a directory assistance service for the purpose of aiding subscribers in obtaining telephone numbers. Directory assistance charges will apply to calls to directory assistance for telephone numbers of subscribers in the local calling area.

B. Conditions

Charges for Directory Assistance Service are not applicable to inquiries received from Public and Semi-Public telephones, nor from hospital or hotel patient or guest rooms, nor from the service furnished for the use of handicapped persons.

C. Rates

A charge is applicable for each call made to directory Assistance with a maximum of two requests per call.

Rate per call: \$1.50

S2.13 OPERATOR ASSISTED LOCAL CALLS AND LOCAL CALLING CARD SERVICE

A. General

For any Dial Calling Card Station, Operator Station or Person-To-Person message completed within the Local Calling Area, the appropriate service charge specified in S2.6(C) following, will be applied except as specified in S2.6(B) following.

B. Application of Charges

1. The appropriate service charge, as specified in S2.6(C) following, will be applied to each completed call except:

- (a) for calls to the Company for official telephone business,
- (b) for emergency calls to agency type telephone numbers such as to those agencies of the federal, state or local government which have the capability and legal authority to provide aid in emergency situations and to any emergency medical number,
- (c) when the caller identifies himself as being handicapped and unable to place the call due to his handicap,
- (d) when the caller advises he has had service trouble in reaching the terminating number,

PRICE LIST

 or d/b/a *WOW! Internet, Cable and Phone*

Section 2
 Original Sheet 7

S2. BASIC LOCAL EXCHANGE SERVICE

S2.13 OPERATOR ASSISTED LOCAL CALLS AND LOCAL CALLING CARD SERVICE (Cont'd)

B. Application of Charges (Cont'd)

1. (Cont'd)

(e) for local emergency calls from a coin station, or

(f) for station-paid calls from hotel guests.

2. The call may be billed to the originating telephone, calling card, third number, collect, or any other Company-approved identification number.

C. Rates And Charges

1. The following charges for operator system served local calls apply in addition to the local dial rates:

(a) Billing Surcharges - Station-to-Station

(1) Dial Calling Card \$1.00

(2) Operator \$2.50

(3) Inmate calls originating from correctional facilities (Automated) \$1.25

(b) Billing Surcharges- Person-to-Person Each \$5.00

(c) Operator Dialed Surcharge¹ \$1.25
 Station-to-station operator assisted or person-to-person operator assisted calls (excluding those billed to calling cards) where the operator dials the terminating number.

(d) Partially Automated Surcharge¹ \$1.00
 Station-to-station operator assisted calls where the customer dials the terminating number.

(e) Zero Minus Charge² \$1.50
 Provision of Area Code, Place Name (in what Area Code is a city or exchange), Ring Back (caller wants call back to test whether equipment connected to his line "rings" when outside caller dials his number), Operator Dialing of 800, 888, 877, 866 and 855 numbers on the caller's behalf; each request (one request per call)

¹ In addition to any applicable billing surcharge.

² Applies when customer dials zero and no other digits from a local exchange wireline, requests and receives service as described. This charge is not applied to requests originating from payphones or wireless.

S2. BASIC LOCAL EXCHANGE SERVICE

S2.13 OPERATOR ASSISTED LOCAL CALLS AND LOCAL CALLING SERVICE (Cont'd)

D. Operator Assisted Premium Plan

A premium is defined as a commission applicable to surcharge revenue associated with local operator assisted call requests sent to the Company by the customer. Such premiums may be payable to subscribing customers based on the Company's surcharge revenue generated by said calls.

These calls must:

1. originate from a telephone line associated with the customer's account,
2. originate and terminate in the same Basic Local Calling Area,
3. be carried and completed by the Company via Company facilities and
4. be billed by the Company.

In the event the company billing records used to determine the premiums are destroyed or lost, the Company shall not be liable for payments of premiums on such lost data.

S2.14 LOCAL OPERATOR VERIFICATION/INTERRUPTION SERVICE

A. General

Verification Service provides operator assistance in determining if a called line is in use. Interruption Service provides for operator interruption of voice conversation in progress on a called line to advise the interrupted subscriber that the interrupting party has an emergency need to reach him. Data use of a subscriber line will be verified, but not interrupted. The customer may request these services for a charge, where facilities are available, by calling the "0" operator.

B. Application of Charges

1. The charges specified in Section S2.7(C) will apply to all requests except:
 - (a) emergency requests from official emergency agencies when the request is received on an agency line from agency personnel;
 - (b) emergency requests in which the caller identifies that the request is to one of the following:
 - (1) an official public emergency agency,
 - (2) an emergency medical number, or

1. (Cont'd)

(b) (Cont'd)

(3) a privately endowed and operated suicide, drug, alcohol, or runaway crisis reporting center; or

(c) requests in which the operator encounters a trouble condition or has reason to believe a trouble condition exists.

C. Rates

1. Verification Charge - applies each time the operator verifies that a line is in use. \$2.50
2. Interruption Charge - applies each time the operator interrupts voice conversation in progress and does not depend on whether the called-party agrees to release the line. \$5.00
3. If an operator both verifies the condition of the same line and interrupts conversation on the same request, only the interrupt charge applies.
4. The charges for Verify/Interrupt Service are in addition to any applicable message rates.

S2.15 DUAL PARTY RELAY SERVICE

The Company charges a \$.15 monthly surcharge for Dual Party Relay Service. This surcharge applies to each and every customer, regardless whether any particular customer needs or utilizes this Service.

S2. BASIC LOCAL EXCHANGE SERVICE

S2.16 LIFELINE ASSISTANCE PROGRAM

Consistent with Federal Communications Commission (FCC) Rules, 47 C.F.R. Section 54.101, Lifeline Assistance is a government assistance program developed to reduce rates for primary residential telephone service or residential broadband service to qualifying subscribers who receive income-based benefits. The Company participates in this program to increase the availability of telecommunications services and broadband internet access services (broadband) to all consumers in its service areas.

A. General

Lifeline Assistance reduces an eligible residential customer's monthly rates for either local telephone service or broadband service. If an eligible customer chooses the support for local telephone service, then an eligible customer receives a federally subsidized credit toward the monthly cost of basic telephone service toward the residential access line rate. If an eligible customer chooses the support for broadband service, then an eligible customer receives a federally subsidized credit toward the monthly cost of broadband service toward the residential broadband service rate.

B. Regulations

To constitute a qualifying low-income customer eligible to receive Lifeline services, a customer must meet the requirements set forth in either paragraph 1. or 2. below:

1. A customer's household income must be at or below 135% of the Federal Poverty Guidelines for a household of that size:
 - (a) For purposes of these rules, "income" is defined as all income actually received by all members of a household. This includes salary before deductions for taxes, public assistance benefits, social security payments, pensions, unemployment compensation, veteran's benefits, inheritances, alimony, child support payments, worker's compensation benefits, gifts, lottery winnings, and the like. The only exceptions are student financial aid, military housing and cost-of-living allowances, irregular income from occasional small jobs such as baby-sitting or lawn mowing, and the like.
 - (b) A "household" is any individual or group of individuals who are living together at the same address as one economic unit. A household may include related and unrelated persons. An "economic unit" consists of all adult individuals contributing to and sharing in the income and expenses of a household. An adult is any person eighteen (18) years or older. If an adult has no or minimal income, and lives with someone who provides financial support to him/her, both people shall be considered part of the same household. Children under the age of eighteen (18) living with their parents or guardians are considered to be part of the same household as their parents or guardians.

S2. BASIC LOCAL EXCHANGE SERVICE

S2.16 LIFELINE ASSISTANCE PROGRAM (Cont'd)

2. Lifeline Assistance is also available to all residential customers who participate in any of the following low income assistance programs. A subscriber will also be considered to be eligible even if he does not personally participate in any of the following programs, so long as an individual who lives in his household, and for whom he is financially responsible, does participate in at least one of these programs:
 - (a) Supplemental Security Income (SSI)
 - (b) Supplemental Nutrition Assistance Program (SNAP)
 - (c) Medicaid
 - (d) Federal Public Housing Assistance/Section 8
 - (e) Veterans Pension and Survivors Benefit Programs
3. In addition to meeting the qualifications provided in paragraph 1. or 2. of this section, in order to constitute a qualifying low-income customer, a customer must not already be receiving a Lifeline service (voice or broadband from either a wireless provider or a fixed provider), and there must not be anyone else in the subscriber's household subscribed to a Lifeline service (voice or broadband from either a wireless provider or a fixed provider). Furthermore, a customer must subscribe to broadband service that meets the minimum service standards set forth in Section 54.408 of the FCC Rules.
4. Until the National Lifeline Eligibility Verifier has been implemented in the state, qualifying subscribers must provide the Company with acceptable documentation as proof of their eligibility to receive Lifeline service under the income-based or program-based requirements. The Company will confirm a subscriber's continued eligibility to receive Lifeline service on an annual basis by requiring the subscriber to sign a certification as to his/her present qualifications for Lifeline service. Upon a determination of ineligibility, the credit will be discontinued on the bill if the customer fails to provide proof of eligibility within thirty (30) days following written notification to the customer.
5. If the Company receives notification from the program administrator that the subscriber is receiving Lifeline service from another eligible telecommunications carrier or that more than one member of a subscriber's household is receiving Lifeline service, the subscriber will be de-enrolled from Lifeline Assistance without notice within five (5) business days following the Company's receipt of that notice.

S2. BASIC LOCAL EXCHANGE SERVICE

S2.16 LIFELINE ASSISTANCE PROGRAM (Continued)

B. Regulations (Continued)

6. The Company will process all applications and apply the appropriate credit on the customer's monthly bill. A secondary service charge is not applicable for existing customers who subscribe to Lifeline Assistance.
7. As a participant in Lifeline Assistance, customers are eligible to receive Toll Limitation Service at no charge. This service will only be provided at the customer's request.
8. Local service deposit requirements will be waived for customers who voluntarily receive Toll Limitation Service.
9. Participants in Lifeline Assistance shall not be disconnected from Local Service for non-payment of toll charges. In addition, the Company will not deny re-establishment of local service to customers who are eligible for Lifeline Assistance and have previously been disconnected for non-payment of toll charges. Lifeline Assistance will not be connected if an outstanding balance is owed by the customer for local service.
10. If an eligible customer chooses the support for local telephone service, the partial payments that are received from Lifeline customers will first be applied to local service charges and then to any outstanding toll charges.
11. One low income credit is available per household and is applicable to the primary residential connection only.
12. A Lifeline customer may subscribe to any local service offering available to other residential customers.
13. Lifeline subscribers may apply their Lifeline discount to the Company's family shared calling plans and to bundled service packages or packages containing optional calling features available to Lifeline customers. The calling plan must be in the name of the eligible subscriber, and a household may receive only one Lifeline supported service. Partial payments from Lifeline subscribers purchasing bundled packages or packages containing optional calling features will first be applied to pay down the allocated price of the Lifeline voice services.

S6. SERVICE CONNECTION CHARGES

S6.1 GENERAL

- A. Service charges are the nonrecurring charge or charges applied to the services ordered or connected into service at the customer's request. These include charges for initial commencement of service, changes, restoration, and rearranging of service or facilities.
- B. Service connection charges may be payable at the time of application for the particular service or facility, and prior to the establishment of service. Service may be established in advance of the payment of the service connection charges for addition to the services of existing customers and also in the State, County, and Municipal Governments.
- C. Service connection charges do not supersede mileage charges, installation charges and construction charges made because of unusual costs but are to apply in addition to such charges. However, in case of special private branch exchange system not established under the rates found in this Price List, but on cost basis, installation charges may be applied to stations and other equipment in lieu of the regular service connection charge prescribed herein for stations connected.
- D. No distinction is made between a "New Installation" and "Outside Move"; all changes in location of customer's access, except as otherwise provided in this Price List, being treated as a new service with service connection charges applying.

S6.1 GENERAL (Cont'd)

E. Restoration Charge

Where service has been discontinued for failure to maintain credit as specified above the contract is deemed terminated. To re-establish service a new contract will be executed which is subject to charges and provisions of this Price List.

S6.2 DEFINITIONS

A. Service connection charge represents one or more of the following work functions necessary to perform a service connection.

- (1) Service ordering - Receiving and recording information and/or taking action in connection with a subscriber or applicant and processing the necessary data.
- (2) Premises Work - Performing work at the customer's premises.
- (3) Central Office Charge (Access Line Work) - Work associated with the line extending from the serving central office to the customer's premises. Includes, but is not limited to, central office connections, cable cross connections.

S6. SERVICE CONNECTION CHARGES

S6.2 DEFINITIONS (Cont'd)

- B. An installation charge is a non-recurring charge applying to the provision of certain items of equipment or facilities as distinguished from a Service Connection Charge applicable for establishment of basic telephone service and is in addition to applicable service connection charges. The installation charge may sometimes be called an "initial" charge.
- C. Service connection charges apply on number changes requested by subscriber.
- D. Maintenance of Service Charge - The customer shall be responsible for the payment of Company charges for visits by the Company to the customer's premises where a service difficulty or trouble report results from customer-provided equipment and facilities. In a case where the Telephone Company has a trouble reported on facilities which terminates on subscriber owned equipment and no trouble is found on Telephone Company facilities a maintenance of service charge will apply.
- E. Returned Check Charge: The charge applied to each insufficient funds check returned.

Section 6
Original Sheet 4

S6. SERVICE CONNECTION CHARGES

S6.2 DEFINITIONS (Cont'd)

- F. Installation Charge: The charge applied to the provision of certain items of equipment or facilities and is in addition to applicable service charges. These charges are identified and presented throughout this Price List as a part of the offering.
- G. Termination Charge: The charge applied when a customer discontinues an item of service or equipment prior to the expiration for the initial service period designated for such item.
- H. Restoration: A restoration charge is a charge applying to restore service following a temporary suspension of such service for non-payment of charges.

Temporary suspension, for purposes of incurring a restoration charge, shall have begun when the service ordering by the Commercial Department is delivered to the Plant Department. Neither action taken by the Plant Department, nor its inaction, shall relieve the delinquent subscriber from this charge.

A soft suspension of service for non-payment occurs before the line equipment is disconnected from the customer's account.

A hard suspension for non-payment occurs when the line equipment is actually disconnected from the customer's account.

S6. SERVICE CONNECTION CHARGES

S6.3 APPLICATION OF SERVICE CHARGES

A. GENERAL

1. Except as provided hereinafter all services requiring either service ordering, access line work, or other access work are subject to the service connection charge(s) required to provide that service.
2. Where the service desired requires more than one service ordering equipment work charge, or access line work function, the total charge is the sum of the separate charges for each function required except as hereinafter provided.
3. When, at the request of a customer, service is temporarily suspended, a service ordering charge will apply for the subsequent restoration of that service. This would specifically apply to seasonal service.
4. In the event service is temporarily suspended for non-payment of charge, such service will be restored upon payment of charge due, or at the discretion of the Company a substantial portion thereof. In addition, a restoration charge, as defined in Sec. 6.2.H, will be applied.

S7. MISCELLANEOUS SERVICE ARRANGEMENTS

S7.1 TOUCHTONE CALLING SERVICE - DeletedS7.2 CUSTOM CALLING SERVICESA. Definitions

1. Call Forwarding:
This provides an arrangement for transferring incoming calls to another telephone number within the local area by dialing a code and the number of the service to which calls are to be transferred.
2. Remote Call Forwarding (RCF) Fixed:
This is a service whereby a call placed from a station (the originating station) to a customer's (the RCF customer) telephone number (the call forwarding location) is automatically forwarded by Company central office equipment to another station designated by the RCF customer (the terminating station). The RCF customer is billed for the forwarded portion of the call.
3. Remote Call Forwarding (RCF) Variable:
This service allows the RCF customer to activate the call forwarding feature from locations other than their base telephone and make forwarding changes without central office personnel assistance.
4. Three-Way Calling:
This permits an existing call to be held, and by dialing, a second telephone call can be established and added to the connection. Normal transmission performance quality cannot be guaranteed on all calls.
5. Call Waiting:
By means of a tone signal a customer who is using their telephone is alerted when another caller is trying to reach that station. Permits putting first call on hold so that second call can be answered.
6. Call Waiting Display:
This feature allows the number and/or name identification of the call waiting party to display on the called party's caller identification equipment.

S7. MISCELLANEOUS SERVICE ARRANGEMENTS

S7.2 CUSTOM CALLING SERVICES (cont'd)A. Definitions (cont'd)

7. **Speed Calling:**
This provides for the calling of a 7- or 10-digit telephone number by dialing an abbreviated code. This arrangement is available in an eight-number capacity. (8-code).
8. **Plus Service:**
Plus service is a central office feature package offered in two categories:
- a. **Single-Line Plus for Business or Residence with one central office line.** Four features are in the Single-Line Plus package: (1) Call Hold, (2) Toll Restriction, (3) Three-Way Conference, and (4) Speed Calling.
- b. **Multi-Line Plus for Business or Residence with two to five central office lines.** Six features are in the Multi-Line Plus package: (1) Call Pick Up, (2) Call Transfer, (3) Three-Way Conference, (4) Toll Restriction, (5) Call Hold, and (6) Intercom.

Features:

- Intercom:** Allows the user of a Plus equipped line to call other Plus equipped lines of the same customer by dialing a one-digit number.
- Call Hold:** A Plus service user can place an established call on hold by flashing the switchhook and dialing a 2-digit code.
- Call Pick Up:** This feature enables a user of a Plus service line to answer a call which is ringing in on another Plus service line of the same customer by dialing a 2-digit code.

S7. MISCELLANEOUS SERVICE ARRANGEMENTS

S7.2.1 CUSTOM LOCAL AREA SIGNALING SERVICE - CLASS

A. Definitions

1. Anonymous Call Rejection - A feature that allows subscribers to refuse calls from callers who block delivery of their numbers.
2. Automatic Callback - This service allows a subscriber to automatically re-originate a call to the last-dialed number without having to redial the number regardless of whether the call was answered, unanswered or busy. If the called number is busy, automatic processing of the call continues until the number is idle. When both lines idle, the calling party hears a special ring. When the caller picks up the set, the called party's line rings.
3. Automatic Recall - This service allows the subscriber to recall the last incoming call without having to know the number of that call. If the called number is busy, automatic processing of the call continues until both lines are idle. The subscriber can continue to originate and receive calls without affecting the Automatic Recall request. Automatic Recall can be canceled by dialing a deactivation code. The service provides an optional two-level activation capability that, following activation, announces the number of the last incoming call. The subscriber then has the choice of continuing the recall or aborting the recall sequence.
4. Calling Number Delivery - This service identifies the 10-digit number of the calling party and allows the subscriber to choose whether or not to answer the call. The calling number is displayed after the first ringing cycle.
- 4.1 Calling Number & Name Delivery - This service is the same as Calling Number Delivery also, displays directory listed name up to 15 characters.

Any subscriber to Calling Number Delivery or Calling Number & Name Delivery will be responsible for the provision of a display device which will be located on the customer's premises. The installation, repair, and technical capability of that equipment to function in conjunction with the feature specified herein will be the responsibility of the customer. The Company assumes no liability and will be held harmless for any incompatibility of this equipment to perform satisfactorily with the features described herein.

S7. MISCELLANEOUS SERVICE ARRANGEMENTS

S7.2.1 CUSTOM LOCAL AREA SIGNALING SERVICE - CLASS (Cont'd)

A. Definitions (Cont'd)

5. Calling Number Delivery Blocking - This service enables customers to prevent the transmission of their telephone numbers, on outgoing calls, to subscribers of the CLASS features, Calling Number Delivery.

The service is available either on a per call basis or permanent basis.

Per Call - Allows customers to temporarily prevent the transmission of their telephone numbers on an as needed basis by dialing a preassigned access code prior to making the call. This action must be repeated each time a call is made to prevent the transmission of the customer's telephone number.

Permanent - Allows customers to prevent the transmission of their telephone numbers on all outgoing calls placed from the customer's line. Permanent Call number Delivery Blocking is established and/or removed from the customer's line via a service order. This feature is in operation on a continuous basis. This feature does not prevent transmission of the calling party number on services such as E-911 that utilize Automatic Number Identification (ANI) for delivery of the calling number. If the preassigned access code for Calling Number Delivery, Unblocking is dialed on a line that is provisioned with Calling Number Delivery Blocking - Permanent, the customer's telephone number will be delivered.

The Company assumes no liability and will be held harmless from any incompatibility of the subscriber's customer premises equipment to perform satisfactorily with this feature.

S.7 MISCELLANEOUS SERVICE ARRANGEMENTS

S7.2.1 CUSTOM LOCAL AREA SIGNALING SERVICE - CLASS (Cont'd)

A. Definitions (cont'd)

6. Customer Originated Trace - This feature allows the subscriber to activate an immediate trace of the last incoming call. After the call is terminated, a subscriber who wishes to trace the call goes off-hook, receives dial tone, and then dials the Customer Originated Trace activation code. When the trace has been completed, the subscriber receives an announcement stating that the trace was successful and to contact the local telephone operating company for further assistance.

By activating the Customer Originated Trace feature, the subscriber automatically authorizes Valley Telephone Co., LLC d/b/a Knology to store the results of any and all traces initiated by the customer in the Telephone Company's switching office, and to release the results of such traces directly to the subscriber's serving law enforcement agency upon a further request by the subscriber. The results of such traces will be released to the appropriate law enforcement agency only upon such a further request by the subscriber. The trace record will provide only the incoming telephone number and in no way identifies the person(s) actually placing the call(s). The subscriber must contact the telephone company within ten (10) days after originating a call trace or the trace record will automatically be deleted from the system.

7. Selective Call Acceptance - This feature allows a subscriber to select up to 31 numbers from which calls are to be received. All other calls are intercepted and routed to a recorded announcement that informs the caller the customer is not accepting calls. Calls from numbers outside the specified exchanges will ring normally.
8. Selective Call Rejection - This feature allows a subscriber to block incoming calls from a maximum of 31 telephone numbers. The subscriber can also block incoming calls placed from the last calling number even if the number is unknown to the customer. Blocked calls are routed to a recorded announcement which specifies that the called party is not accepting calls.

S7. MISCELLANEOUS SERVICE ARRANGEMENTS

s7.2.1 Custom Local Area Signaling Service - CLASS (CONT'D)

A. Definitions (Cont'd)

9. Selective Call Forwarding - This feature allows the subscriber to prespecify telephone numbers (maximum of 31) from which incoming calls are to be forwarded. During the period that Selective Call Forwarding is activated, only calls from the prespecified numbers will be forwarded.
10. Distinctive Ringing/Call Waiting - With this feature, incoming calls from up to 31 numbers can be automatically identified by distinctive ringing. A distinctive ringing pattern accompanies incoming calls from the designated numbers. If a subscriber is engaged in conversation and a call from one of the designated numbers arrives, a distinctive call-waiting tone accompanies the incoming call. Calls from all other numbers are rung normally.

B. General

1. Custom Calling Local Area Signaling Service (CLASS) is a group of custom calling features offered to residential and business customers subscribing to one party local exchange service and to business customers subscribing to Digital Centrex Service.
2. The service is subject to available facilities and limited to central offices specifically equipped to provide such service. CLASS features are applicable only to local calls placed to/from compatible central offices within the same local calling area offering the service.
3. Operator assisted calls are designed to override the feature calls for emergency purposes.

S7.3 TELEPHONE NUMBERS IN ROTARY (TRUNK HUNTING) (N/A)

S7.4 TOLL RESTRICTION

A. General

Universal blocking of 900/976 numbers unless the subscriber requests 900/976 access. No initial recurring or non-recurring charges will apply to first request to block or unblock. However, any subsequent request will incur the applicable charges.

S7.5 CUSTOMIZED NUMBER SERVICE (N/A)

S7.6 REMOTE CALL FORWARDING (See Section 7.2)

S7.7 OFF PREMISES STATION SERVICES (N/A)

S7.8 DIRECT-INWARD DIALING (DID) SERVICE

A. General

1. DID service permits calls incoming to a PBX or other CPE from the network to reach a specific station line number without the assistance of an attendant. DID service provided subject to the availability of facilities and may be furnished from the central office which regularly serves the area in which the customer is located or from a foreign central office equipped to provide DID service subject to the appropriate intra/interexchange rates.
2. Rates are in addition to the rates shown elsewhere in this and other Company Tariffs for the services and equipment with which this offering is associated.
3. The service includes central office switching necessary for in-dialing from the network directly to station lines associated with customer premises switching equipment.
4. The service must be provided on all trunks in a group arranged for Inward service. Each trunk group shall be considered a separate service. Grouping Service will not be provided between separate trunk groups.
5. Facilities and operational characteristics of interface signals between the Company provided connecting arrangements and the customer provided switching equipment must conform to the rules and regulations the Company considers necessary to maintain proper standards of service.
6. One primary directory listing will be furnished without charge for each separate trunk group.

S7. MISCELLANEOUS SERVICE ARRANGEMENTS

S7.8 DIRECT-INWARD DIALING (DID) SERVICE (Cont'd)

A. General (Cont'd)

7. The customer shall be responsible for providing interception of calls to vacant and non-working assigned DID numbers by means of attendant intercept or recorded announcement service.
8. DID numbers are provided in blocks consisting of a minimum of 20 consecutive numbers which may be assigned to station lines or reserved for future use at rates specified herein. The Company does not guarantee to provide a number block consecutive to any other number block. The Company will be responsible for interception and administration of reserved numbers.

B. Rates

1. Group of 20 Working or Reserved DID Numbers³

| | <u>Nonrecurring Charge</u> | <u>Monthly Rate</u> |
|---|--------------------------------|-------------------------|
| (a) Working Numbers, each | \$480.00 | \$3.00 |
| (b) Reserved Numbers, each | \$480.00 | \$3.00 |
| 2. DID Trunk Termination in Central Office | | |
| (a) Each | \$ 50.00 | \$24.00 |

³ The Nonrecurring Charge applies to the first group of DID numbers assigned to station lines per occasion. These rates and charges are applicable in addition to the rates and charges for the provision of PBX trunks and the associated equipment and services.

S7. MISCELLANEOUS SERVICE ARRANGEMENTS

S7.9 SEASONAL AND VACATION SERVICE

A. General

The terms "Seasonal Service" is used to define a special privilege, usually desired by the customers with second homes, for subscribers who occupy a residence only a portion of the year. Generally these customers desire continuity of service as well as service on short notice.

"Seasonal Service" will require the dedication of plant and equipment as though service was maintained, however, service shall be terminated at the central office serving the subscriber and will be available to any single party subscriber, residential or business regardless of length of time they have been subscribers.

B. Conditions

When in the opinion of the company, a shortage of facilities may exist so as to deny another full time customer service, the company may after notification, terminate this offering on a selective basis.

C. Rates

1. The monthly rate will be based upon 50% of the regular rate for the basic local exchange service only. Service may be temporarily suspended for a minimum of 270 days.

D. Nonrecurring Charge

Service ordering and central
Office charge.

S7.11 JOINT USE OF SERVICEA. General

Joint Use of Service permits a person, firm, or corporation to share the use of telephone service provided to a business customer.

B. Conditions

1. Joint Use of Service will be furnished with the approval of the Company only with business individual access lines, or PBX Trunk Service.
2. Joint Use of Service will be furnished to a customer who is in a business of a secretarial nature, or of renting, or leasing space to transient or permanent tenants.
3. The joint user must be located on the premises, or in the same office, or in the same suite of offices as the customer, or in an office adjacent to and directly accessible from the customer's office.
4. A joint user will be furnished one directory listing without charge.
5. Applications for joint use of service shall be made by the customer.
6. The customer will be responsible for all charges incurred by the joint user. All bills and charges will be consolidated and rendered to the subscriber that contracts for the initial service.
7. Additional listings and supplemental services may be furnished to the joint user at the request of the customer and at regular rates.

S7.12 MISCELLANEOUS SERVICES

S7.12.1 SHORT TERM SERVICE

A. Applicants who are users of service only during seasonal or temporary periods will be furnished service under the following provisions:

- (1) The regular service connection charges apply except where construction of additional facilities are required for temporary service. This additional cost of construction and providing service must be borne by the subscriber.
- (2) Access service for the first month, or fraction thereof, three times the monthly schedule rates; for the second month, or fraction thereof, two times the monthly schedule rates; and for each additional month the monthly rate will apply.

Payment of the charges set out herein for exchange service does not constitute a modification of Rules and Regulations applying to all Subscriber Contracts, providing for the discontinuance of service for non-payment of any other sums due the Telephone Company.

S7.12.2 SPECIAL LINE CONDITIONING

A. General

Where transmission improvement equipment or line treatment is required to meet requirements of requested line condition, "cost" as defined in this Price List shall apply. When no installation charge is specified, the equipment will be installed on a "cost" basis as referred to in the Price List definitions.

The above may be provided on a contract basis.

S7.12.3 DATA SERVICE

- A. All data service installations are customer engineered and installed to fit the particular requirements a specific customer may have. The period for which data service will be installed is by contract. The investment required and the limited demand for this type equipment makes it necessary that such facilities not be extended to any applicant whose credit and responsibility is not satisfactorily established.

S7.13 WONDER RING SERVICE

A. General

1. Wonder Ring Service will enable a subscriber to have up to four telephone numbers associated with a single line. Customers subscribing to this service will be able to receive calls dialed to two, three or four separate telephone numbers without having a second, third or fourth line. A distinctive ringing pattern will be provided for each of the additional telephone numbers to facilitate identification of incoming calls. A distinctive Call Waiting tone for each additional telephone number will be provided, where facilities permit, to customers subscribing to Call Waiting service.
2. Wonder Ring Service is offered in the following format. Wonder Ring I consists of one additional telephone number associated with a single line. Wonder Ring II consists of two additional telephone numbers associated with a single line. Wonder Ring III consists of three additional telephone numbers associated with a single line.

S7. MISCELLANEOUS SERVICE ARRANGEMENTS

S7.13 WONDER RING SERVICE (Cont'd)C. Conditions

1. This service is available to individual line residence and business customers.
2. The service is not compatible with Centrex service, PBX trunk service, Personal Paging service, Company or customer provided public telephone service, foreign exchange service, or with access lines terminating in customer premises switching or key equipment. Wonder Ring service may not be compatible with all types of customer provided telephone equipment.
3. Wonder Ring Service is provided subject to the availability of facilities. Additionally, Wonder Ring Service II and Wonder Ring Service III may not be available in all central offices equipped to provide Wonder Ring Service I.
4. Listings for Wonder Ring Service are subject to the regulations specified in Section 27 for directory listings. Other listings will also be provided under the terms and conditions described in Section 27 of this Price List.
5. All telephone numbers associated with a line equipped with Wonder Ring Service must originate from the same central office switching machine.
6. When establishing Wonder Ring Service, Call Forwarding service subscribers must choose one of the following options. When Call Forwarding service is activated:

S7. MISCELLANEOUS SERVICE ARRANGEMENTS

S7.13 WONDER RING SERVICE (Cont'd)C. Conditions (cont'd)

6. (cont'd)
 - a. All telephone numbers associated with one line will be forwarded to a single number when Call Forwarding service is activated.
 - b. The main telephone number only will be forwarded when Call Forwarding service is activated. The additional Wonder Ring numbers will continue to ring and be answered at the subscriber's premises.
7. Appropriate nonrecurring charges will apply when changing from one option to the other subsequent to the establishment of Wonder Ring Service.
8. When a subscriber establishes Wonder Ring Service, the appropriate service charges will apply.

S7.14 AUTOMATIC CALL DISTRIBUTOR SERVICEA. General

1. Automatic Call Distribution (ACD) Service is a digital Centrex central office service which enables customers to efficiently handle large volumes of incoming calls by distributing them equally among a designated group of answering positions.

ACD Service provides as an option a data stream of call events to a customer-provided down-stream processor (Management Information System or MIS). With this option, customers may have the capability to format management information reports and the ability to change certain system variables.

2. ACD Service at the present time may only be used with Centrex Digital Service. In addition, the customer must subscribe to a Secondary Directory Number.

S7. MISCELLANEOUS SERVICE ARRANGEMENTS

S7.14 AUTOMATIC CALL DISTRIBUTOR SERVICE (Cont'd)

A. General (cont'd)

3. Basic to ACD Service is at least one feature access position and one Call Processing Control with Basic Feature Package per feature access position. This package includes the following features:

- abandoned call clearing
- agent login enhancement
- agent queue
- attendant console to automatic call distribution
- automatic overflow
- call delay announcement
- call source identification
- in-calls key
- incoming call queue
- music on delay
- night treatment
- not-ready key (make set busy; ring threshold)
- three way calling/call transfer to ACD
- three way call chaining to ACD interaction
- ACD Observe-Agent Enhanced
- ACD Status-Lamp Enhancement
- ACD Limited Enhanced Agent Features

S7. MISCELLANEOUS SERVICE ARRANGEMENTS

S7.14 AUTOMATIC CALL DISTRIBUTOR SERVICE (Cont'd)A. General (cont'd)

4. A subscriber can add an optional Feature Package to the Call Processing Control with Basic Feature Package---the Enhanced ACD Agent/Supervisor Package and/or the MIS Package. These packages include all of the features of the Call Processing Control and Basic ACD Package as well as the following features:

Enhanced ACD Agent/Supervisor Package:

- ACD Multistage Queue Status Refresh
- ACD Overflow of Enqueued Calls
- ACD Queue Slot/Recorded Announcement Allocation
- Agent Key
- Called Name/Number Display
- Call Forcing
- Call-Supervisor and Answer-Agent Keys
- Controlled Interflow
- Display Agents Summary Key
- Emergency and Answer-Emergency Keys
- Emergency Key-Enhanced
- Enhanced Group-Status Display
- Extended Agent Observe
- Group - Status Display
- Multistage-Queue Status Display
- Night-Service Recorded Announcement and Forward
- Overflow Enhancement
- Queue-Status Lamps
- Supervisor Control of Night Service
- Transfer to Incalls Key

S7. MISCELLANEOUS SERVICE ARRANGEMENTS

S7.14 AUTOMATIC CALL DISTRIBUTOR SERVICE (Cont'd)A. General (cont'd)

MIS Package:

This package provides the features necessary to send a Management Information System data stream from the DMS-100 ACD node to a customer-premises downstream processor. Applicable central office line charges and local area data channel charges will apply.

B. Definitions:

1. Abandoned Call Clearing – provides for the removal of a call when a caller abandons either while in an incoming call queue or after the call is presented to the agent position.
2. Agent Login Enhancement – a feature that through the use of agent login passwords and the partitioning of agent login identification numbers between customer groups ensures that only assigned agents are able to login to an ACD group.
3. Agent Queue – ensures an even distribution of the workload among the agents in the ACD group. If agent answering positions are available, but no incoming calls are waiting, available agents are placed in an agent queue on a first-in, first-out basis. The agent who has been waiting the longest receives the first incoming call.
4. Automatic Call Distribution Directory Numbers – these are unique numbers used to receive incoming ACD calls. An ACD directory number is any valid directory number of up to seven digits within the customer numbering plan. ACD directory numbers are not associated with lines. An ACD group can be assigned a total of 17 directory numbers.

S7. MISCELLANEOUS SERVICE ARRANGEMENTS

S7.14 AUTOMATIC CALL DISTRIBUTOR SERVICE (Cont'd)B. Definitions (cont'd)

5. ACD Secondary Directory Number—provides for the assignment to a feature access position of one or more Secondary Directory Numbers that are separate from the ACD incoming numbers. This feature allows an agent to receive direct non-ACD incoming calls and to make outgoing calls.
6. Automatic Overflow—allows the subscriber to specify both a maximum number of calls that can be queued and a maximum anticipated waiting time for incoming calls to avoid lengthy delays that discourage callers.
7. Call-Delay Announcement—provides an announcement to callers such as status of call (in queue, all positions busy, etc.) when the delay exceeds a customer specified threshold. A call delay announcement is a prerecorded central office announcement produced by the Company and is limited to the name of the called party, status of the call, and instructions to the calling party with respect to completion of the call.
8. Call-Source Identification—provides for the display, at the agent's position, of the incoming call facility.
9. In-Calls Key—allows the ACD agent to answer calls to any of the ACD group's 17 directory numbers by the first key on the electronic business set. This key presents only ACD calls.
10. Music on Delay—provides the option of broadcasting music after the recorded call-delay announcement. This feature serves to reassure the caller that he is still connected until an agent becomes available to answer his call.

S7. MISCELLANEOUS SERVICE ARRANGEMENTS

S7.14 AUTOMATIC CALL DISTRIBUTOR SERVICE (Cont'd)B. Definitions (cont'd)

11. Night Treatment - provides that all incoming calls receive customer specified night service when all answering positions are unmanned (agent positions are all "make set busy"). A night announcement advises callers that the ACD location is closed. Callers are then disconnected or placed on silent hold until they are abandoned.
12. Not-Ready Key - allows agents to follow up on a transaction without being interrupted by the next ACD call.
13. Three-Way Calling/Call Transfer to ACD - permits an agent or supervisor to establish three-way conference calls and/or transfer calls to other ACD directory numbers in the same customer group.
14. ACD Observe-Agent Enhanced/ACD Status-Lamp Enhancement/ACD Limited Enhanced Agent Features - these features enable supervisors to continuously monitor (visually) or observe (audio-monitor), individual ACD activities on both the agent's Primary Directory Number (ACD calls) and one Designated Secondary Directory Number.
15. ACD Multistage Queue Status Refresh - an optional feature that enhances the existing Multistage Queue Status Display at agent stations by automatically updating and displaying ACD enqueued call status information on a regular, near real-time basis.
16. ACD Overflow of Enqueued Calls - this feature enhances the existing call-overflow capability by adding new timing thresholds for calls that are already enqueued. Calls that have been enqueued for a predetermined amount of time are now routed to a defined overflow queue for appropriate action.

S7. MISCELLANEOUS SERVICE ARRANGEMENTS

S7.14 AUTOMATIC CALL DISTRIBUTOR SERVICE (Cont'd)B. Definitions (cont'd)

17. ACD-Queue Slot/Recorded Announcement Allocation - this feature enables the operating company to control the maximum number of queue slots available to each ACD group and to specify which recorded announcements or music selections to be accessed by each ACD group.
18. Agent Key - an enhanced version of the Call-Agent key that allows the ACD supervisor to call an agent by pressing the Call-Agent key and then pressing the key associated with a particular agent. Without this enhanced version, the supervisor has to dial the agent's secondary directory number.
19. Called Name/Number Display - this feature provides display of the directory number the caller dialed and the associated ACD group name when an ACD agent uses the In-Calls key on a business set with display to answer an incoming call.
20. Call Forcing - increases the speed of ACD call handling by automatically presenting incoming calls to ACD agents. An agent does not need to press the In-Calls key to receive the next call. With Call Forcing, when an agent who is active on an ACD call presses the Release key, the agent hears a short burst of tone immediately followed by presentation of the next call.
21. Call-Supervisor and Answer-Agent Keys - permits a key to be reserved on the supervisor's position to be used only for answering calls from agents. It provides an agent quick access to the supervisor.
22. Controlled Interflow - provides a supervisor with a feature which, when activated, directs any new incoming calls to a route defined by the customer.
23. Display Agents Summary Key - this feature key allows the supervisor to quickly check the status of all ACD agent positions assigned to a particular agent group.
24. Emergency and Answer-Emergency Keys - permits the agents to indicate an emergency call with a single key action. The supervisor or, where provided, a recording device on the customer's premises is connected to the call.

S7. MISCELLANEOUS SERVICE ARRANGEMENTS

S7.14 AUTOMATIC CALL DISTRIBUTOR SERVICE (Cont'd)B. Definitions (cont'd)

25. Enhanced Group-Status Display - this feature allows displays to be provided for multiple ACD customers from a single DMS ACD node.
26. Extended Agent Observe - this feature enhances Agent Observe by extending the supervisor's ability to observe calls presented on the In-Calls key of any agent or supervisor in any ACD group within the same customer group.
27. Group-Status Display - allows the customer to review statistics on ACD group status at customer specified intervals.
28. Multi-Stage Queue Status Display - allows ACD supervisors with display sets to quickly and easily determine the length of time calls are held in the incoming call queue before being answered. This information then enables supervisors to add or redistribute agents as required.
29. Night-Service Recorded Announcement and Forward - an optional feature that enhances the existing night treatment by giving the caller a recorded message before their out-of-hours call is forwarded to a night-service number.
30. Overflow Enhancement - provides an increased number of avenues for answering ACD calls during periods of heavy traffic by providing the capability to program up to four ACD groups within the DMS ACD node as potential overflow routes before a call is rerouted to the customer-specified overflow destination.
31. Queue-Status Lamps - enable supervisors to determine which ACD groups need help and whether additional agents or a redistribution of agent positions is required to handle incoming calls more efficiently.
32. Supervisor Control of Night Service - provides a supervisor with control of the initiation of the night service treatment for one or more agent groups within the customer system.
33. Transfer to Incall Key - enables the ACD agent to transfer an incoming ACD call directly to another agent's Incall key in the same customer group.
34. ACD Management Information System Interface - enables a downstream processor to use a data stream to collect ACD information from the DMS ACD node.

S7. MISCELLANEOUS SERVICE ARRANGEMENTS

S7.14 AUTOMATIC CALL DISTRIBUTOR SERVICE (Cont'd)

D. Conditions (cont'd)

3. The customer must subscribe to and maintain a minimum of five feature access positions and at least one ACD group.
4. The customer may elect ACD Service and the MIS Package on a month-to-month and/or on a service period basis per position. Multiple service periods are not permitted. (ACD Service and MIS must be on service periods of the same length).
5. There are two service periods under which ACD Service is provided, either a minimum of 36 months or a minimum of 60 months. The company guarantees the rates against company-initiated increases for the duration of the service period. However, additional Call Processing Control and Basic ACD Packages, Enhanced ACD Packages and Optional Feature Packages can be added during the service period at rates in effect at the time the addition is ordered.
6. The customer is required to pay the full rate for a chosen feature package regardless of present feature availability from the central office.
7. The customer must provide compatible premises equipment for MIS functionality. Some features may require a particular software release level in a customer-provided MIS to function to its fullest extent. Selection and maintenance of the MIS is the customer's responsibility. Any costs associated with the remote software needed to facilitate use of the ACD MIS package will be incurred by the customer.
8. At the present time, feature access positions may only be equipped with Digital Centrex telephone sets within the same system and group.

S7. MISCELLANEOUS SERVICE ARRANGEMENTS

S7.14 AUTOMATIC CALL DISTRIBUTOR SERVICE (Cont'd)

D. Conditions (cont'd)

- 9. If an ACD Service, service period is terminated in whole or in part by the customer after the installation of the service but prior to the completion of the service period, the customer is obligated to pay a cost recovery charge. The cost recovery charge is calculated as follows:

| | | |
|--------------|-----------|-----------------|
| Number of | Monthly | Remaining |
| agent X | rate of X | Months of X 80% |
| positions | each | Service |
| disconnected | position | |

The cost recovery charge does not apply to:

a change in the length of the service agreement to a new period equal to or longer than the former agreement; moves within the same central office serving area.

- 10. Upon expiration of the service-agreement period, the subscriber can extend an existing agreement at the then current month-to-month rates or the customer may elect a new service period at the then current rates.

S7.16 ABBREVIATED DIALING

S7.16.1 711 DIALING CODE FOR TELEPHONE RELAY SERVICE (TRS)

A. General

1. 711 Dialing Code ("711") is a three digit local dialing arrangement for telephone voice transmission access to all relay service entities as atoll free call.
2. 711 is available from Valley Telephone in Valley Telephone territory only.
3. This service is subject to availability of the 711 dialing code.
4. 711 can be delivered via regular exchange lines (by individual business lines, PBX, etc.)
5. Limitations and use of service as stated in Section 25 of this Price List.
6. Directory Listings may be provided for 711 at no charge.
7. Access to 711 is not available to the following classes of service:
 - Hotel/Motel/Hospital Service (toll call only)
 - 1+
 - 0+, 0 - (Credit Card, Third-Party Billing, Collect Calls)
 - Inmate Service
 - 101XXX
 - Cellular - Type 2
 - In addition, operator assisted calls to 711 will not be completed.

S7. MISCELLANEOUS SERVICE ARRANGEMENTS

S7.16 ABBREVIATED DIALING (Cont'd)

S7.16.1 711 DIALING CODE FOR TELEPHONE RELAY SERVICE (TRS) (cont'd)

A. General (Cont'd)

8. The TRS entity is restricted from selling or transferring the 711 dialing code to an unaffiliated entity, either directly or indirectly.
9. An "affiliate" of a TRS entity is any entity that directly, or indirectly through one or more intermediaries, controls, is controlled by, or is under common control with, the TRS entity. The term "control" (including the terms "controlling, "controlled by", and "under common control with") means the possession, direct or indirect, of the power to direct or cause the direction of the management and policies of an entity, whether through the ownership of voting securities, by contract, or otherwise.

B. Service Requirements and Conditions

1. Requests for 711 Dialing Code must be submitted in writing to the Alabama Public Service Commission, for the assignment of the 711 Code.
2. The Company will provision the TRS entity's request within a reasonable time, give the complexity of the order.

S7.16.1 711 DIALING CODE FOR TELEPHONE RELAY SERVICE (TRS) (cont'd)

B. Service Requirements and Conditions (cont'd)

3. The TRS entity must, prior to provisioning of the service, sign a written acknowledgement of possible recall of the 711 dialing code by the FCC and an agreement to return the code upon receipt of 6 months written notice of such a recall from the Company or regulating entity and abide by all terms and conditions which may be identified by the FCC in CC Docket 92-105 regarding the use and return of the 711 dialing code. If a recall is effected, the Company will work with the TRS entity affected by such recall to transfer their service arrangements to a 7 or 10-digit dialing arrangement within the 6-month notice period. The TRS entity will be required to migrate to any access arrangement the telephone relay services subsequently agreed to by the industry and approved by the FCC. The TRS entity will be charged the appropriate rates for the establishment of the new access arrangement.
4. Only one 10-digit toll free number may be used as the lead number per basic calling area.
5. The 711 Dialing Code is provided where facilities permit.
6. TRS entity should work separately with cellular companies to ascertain whether Type 1 cellular customers will be able to reach telephone relay services provided by dialing 711.

S7.16.1 711 DIALING CODE FOR TELEPHONE RELAY SERVICE (TRS)(cont'd)

B. Service Requirements and Conditions (cont'd)

7. TRS entity should work separately with competitive local exchange companies to ascertain their end user customers will be able to reach telephone relay services provided by dialing 711.
8. 711 Dialing Code will be provided under the following conditions:
 - a. For network sizing and protection, the TRS entity must provide an estimate of annual call volumes, the expected busy hour and holding time for each call to the 711 dialing code.
 - b. The TRS entity will subscribe to adequate telephone facilities initially and subsequently as may be required, in the judgment of the Company, to adequately handle calls to 711 without impairing the Company's general telephone service or telephone plant.
 - c. The TRS entity is responsible for obtaining all necessary permission, licenses, written consents, waivers, releases and all other rights from all persons whose work, statements or performance are used in connection with the 711 dialing code, and from all holders of copyrights, trademarks, and patents used in connection with said service.

In no event shall the Company be liable for any losses or damages of any kind resulting from the unavailability of its equipment or facilities or for any act, omissions or failure of performance by the Company, or its employees, or agents, in connection with this Price List. The Company shall not be responsible for calls that cannot be completed as a result of repair or maintenance difficulties on Company facilities and equipment nor on equipment owned or leased by the TRS entity.

S7.17 VOICE MAIL SYSTEM

A. General

The Company's voice mail service provides telephone answering and messaging for subscribers. These services allow a call to be answered when the called party is on the telephone or when the called party is unavailable. The messages are stored so that the subscriber can retrieve them from any touch-tone telephone. The primary classes of service available will differ by feature, function, class of service and length of contract. Messages may be altered or destroyed during collection or distribution of the customer's message(s) due to faults or defects in Company equipment. The Company shall not be liable, directly or indirectly, for damages unless caused by the willful misconduct of the Company.

S12. CHARGES APPLICABLE UNDER SPECIAL CONDITIONS

S12.1 LINE EXTENSION CHARGES

A. General

1. The Company shall provide tariffed basic telephone service to the premises of a permanent residence within its franchised service territory, if the costs, including, but not limited to costs of facilities, rights-of-way and equipment of providing basic telephone service to the requiring party does not exceed eight thousand dollars (\$8,000). This requirement applies only to residential service.
2. Should cost of a new service installation for a permanent resident or business in the Company's franchised service territory exceed eight thousand dollars (\$8,000), a customer may request that the Company allocate any unused universal service funds received by the Company which have been set aside for this purpose. A determination of whether such funds exist shall be made at the sole discretion of the Company. A customer may be required to pay such excess costs pending a final determination of the availability of such funds.
3. Construction or installation charges are non-recurring charges made under certain conditions as hereinafter set forth and are in addition to applicable charges for the class of service furnished, mileage charges and other charges that may be applicable.
4. Construction charges are payable at the time the application for service is signed or when the amount is rendered, as the Company, at its option, may require.
5. Customers who are receiving or who are requesting service shall be deemed to have consented to the reasonable use of their real property to construct, operate, maintain, replace, or enlarge telephone and/or communication lines, overhead or underground, including all conduit, cables, wires, surface testing terminals, markers and other appurtenances under, through, across, and upon any real property or interest therein owned or leased or controlled by said customer, the furnishing of telephone or communications service to said customer, or any other customer. Upon request, the customer agrees to execute any easement or right-of-way contract as required by the Company.
6. The word "Cost", wherever used in this section, is to be interpreted to mean the cost of labor and materials, and include charges for supervision and other overhead expense associated with the construction or installation.

S12. CHARGES APPLICABLE UNDER SPECIAL CONDITIONS

S12.1 LINE EXTENSION CHARGES (Cont'd)

A. General(Cont'd)

7. When attachments are made to poles of other companies, in lieu of providing new pole line construction for which the subscriber would regularly be charged construction charges under the provision of this section, the attachment rental charges to the Company for such attachments may be borne in whole or in part by the subscriber as the particular circumstances may warrant.
8. Any poles, conduit, cable or other plant provided at the expense of the customer, on either a public highway or on private property shall not be used by the customer for any purpose other than service furnished by the Company for the support of cable, wire or other apparatus of the Company, except upon approval of the Company.
9. In all cases of construction on public highway or on private property to serve customers in general, ownership of the poles, conduit, and other plant must be vested either in the Company or some other company with which the Company has joint use arrangement. All plant is maintained and replaced at the expense of the Company.

S12. CHARGES APPLICABLE UNDER SPECIAL CONDITIONS

S12.1 LINE EXTENSION CHARGES (Cont'd)

B. Private Right-of-Way

When the applicant is so located that it is necessary to use private right-of-way to furnish service and the Company is unable to obtain the required right-of-way without cost, the applicant may be required to pay the cost incurred in securing, clearing and retaining such right-of-way.

S12.2 TEMPORARY SERVICE

When construction is required for temporary service and there is no immediate prospect of reusing the plant provided, the subscriber is required to bear the total cost of such construction and installation and the cost of removal.

S12.3 MOVES OR CHANGES OF EXISTING CONSTRUCTION

When the Company shall move or change existing construction or equipment for which no specific charge is quoted in this Price List, the person at whose request the move or change is made may be required to bear the cost of such change.

S12.4 SPECIAL TYPES OF CONSTRUCTION

Special conditions, when at the subscriber's or applicant's request some special construction such as underground or concealed wiring is desired the subscriber or applicant may be required to furnish at his own expense underground conduit, outlet boxes or such special equipment necessary to meet his requests. The Company will use such special conduit or equipment if it is provided in such a manner as to meet the Company's specifications and requirements.

S12.5 CANCELLATION CHARGE

When a customer sends written notice requesting that construction be stopped, said customer will pay a cancellation charge.

The cancellation charge will be computed on the basis of time and materials, plus overhead incurred from the time original order was placed and written notice of cancellation was received.

S12.6 CUSTOMER RESPONSIBILITY

- a. Ownership of special facilities, when such special conduits and fixtures are located on private property the ownership, is vested in the property owner or lessee, who hold the Company free of all charges for the use of such facilities

S13. INTERCONNECTION WITH COMMUNICATIONS EQUIPMENT
AND SYSTEMS PROVIDED BY THE CUSTOMER

S13.1 GENERAL REGULATIONS

A. General

This section addresses the responsibilities and liabilities of the customer and company where customer provided terminal equipment and communication systems interconnect with the regulated services of the Telephone Company. Customer provided refers to any equipment purchased by the customer or leased by the customer from the deregulated operations of the Telephone Company or from any other provider of such equipment.

B. Responsibility of the Customer

Customer-provided communications equipment may be used with the facilities furnished by the Telephone Company for telecommunications services as provided in this Price List. In all such cases the customer-provided communications equipment will be constructed, maintained and operated as to work satisfactorily with the facilities of the Telephone Company.

Where telecommunications service is available under this Price List for use in connection with customer-provided communications systems, the operating characteristics of such equipment or system shall be such as not to interfere with any of the services offered by the Telephone Company.

S13. INTERCONNECTION WITH COMMUNICATIONS EQUIPMENT
AND SYSTEMS PROVIDED BY THE CUSTOMER

S13.1 GENERAL REGULATIONS (Cont'd)

B. Responsibility of the Customer (Cont'd)

Such is subject to the further provisions that the customer-provided equipment or system does not endanger the safety of Telephone Company employees or the public; damage, require change in or alteration of, the equipment or other facilities of the Telephone Company; interfere with the proper functioning of such equipment or facilities; impair the operation of the Telephone Company's service. Upon notice from the Telephone Company that the customer-provided equipment or system is causing or is likely to cause such hazard or interference, the customer shall make such change as shall be necessary to remove or prevent such hazard or interference. The customer indemnifies and saves the Telephone Company harmless against claims for infringement of patents arising from combining such equipment or system with, or using it in connection with, facilities of the Telephone Company; and against all other claims arising out of any act or omission of the customer in connection with facilities provided by the Telephone Company.

Section 13
Original Sheet 3

S13. INTERCONNECTION WITH COMMUNICATIONS EQUIPMENT
AND SYSTEMS PROVIDED BY THE CUSTOMER

S13.1 GENERAL REGULATIONS (Cont'd)

C. Responsibility of the Telephone Company

The Company shall not be responsible for the installation, operation or maintenance of any customer-provided terminal equipment or communications system. Telecommunications or private line service is not represented as adapted to the use of customer-provided equipment or systems and where such are connected to the Company facilities the responsibility of the Company shall be limited to the furnishing of facilities suitable for telecommunications service and to the maintenance and operation of such facilities in a manner proper for such telecommunications service. Subject to this responsibility, the Company shall not be responsible for (1) the through transmission of signals generated by the customer-provided equipment or systems or for the quality of, or defects in, such transmission, or (2) the reception of signals by customer-provided equipment or systems, or address signaling where such signaling is performed by customer-provided signaling equipment.

The Telephone Company will, at a subscriber's request, provide information concerning interface parameters, including the number of ringers which may be connected to a particular telephone line needed to permit customer-provided terminal equipment to operate in a manner compatible with telecommunications or private line service.

Section 13
Original Sheet 4

S13. INTERCONNECTION WITH COMMUNICATIONS EQUIPMENT
AND SYSTEMS PROVIDED BY THE CUSTOMER

S13.1 GENERAL REGULATIONS (Cont'd)

C. Responsibility of the Telephone Company (Cont'd)

The Telephone Company may make changes in its telecommunications or private line services, equipment, operations or procedures.

If such changes can be reasonably expected to require modification or alteration of customer-provided terminal equipment or communications systems or materially affect its performance, the Company will make a reasonable effort to notify the customer in advance, to allow the customer an opportunity to maintain uninterrupted service.

The Telephone Company will not be responsible for any loss or damage, nor for any impairment or failure of the service, arising from or in connection with the use of facilities of customer and not caused solely by the negligence of the Telephone Company.

Subscribers may not disconnect or remove or permit others to disconnect or remove any apparatus installed by the Company, except upon the written consent of the Company.

S13. INTERCONNECTION WITH COMMUNICATIONS EQUIPMENT
AND SYSTEMS PROVIDED BY THE CUSTOMER

S13.1 GENERAL REGULATIONS (Cont'd)

D. Violation of Regulations

Where any customer-provided equipment or system or communication system provided to a customer is used with telecommunications service in violation of any of the provisions in this Price List, the Telephone Company will take such immediate action as necessary for the protection of its services, and will promptly notify the customer of the violation. The customer shall discontinue such use of the equipment or system or correct the violation and shall confirm in writing to the Company within 5 days, following the receipt of written notice from the Company, that such use has ceased or that the violation has been corrected. Failure of the customer to discontinue such use or to correct the violation and to give the required written confirmation to the Telephone Company within the time stated above shall result in termination of the customer's service until such time as the customer complies with the provisions of this Price List. The right of the Telephone Company to terminate service as provided above, includes the right to suspend the service or to disconnect such customer-provided equipment or communications system.

S13.1 GENERAL REGULATIONS (Cont'd)

E. Hazardous or Inaccessible Locations

Customer-provided equipment which serve a location which the Telephone Company considers impracticable to service because of hazard or inaccessibility may be connected with telecommunications service by means of connecting equipment furnished by the Telephone Company.

F. Provisions of Channels and Equipment

When the customer elects to provide his own communications system, it is contemplated that the customer shall provide all station apparatus and associated channels which are a part of the system and which are located on the same customer's premises as the system.

G. Recording, Reproducing, and Automatic Answering_ and Recording Equipment

1. Recording or Two-way Telephone Conversations

In compliance with Federal Communications Commission public notice 60591, in the matter of the use of recording devices in connection with telephone service customer-owned voice recording equipment with the facilities of the Telephone Company shall be made only through recorder-connector equipment which contains a recorder tone device automatically producing a distinctive recorder tone that is repeated at intervals of approximately fifteen seconds when the recorder equipment is in use. Exceptions may be permitted if customer abides by laws of state and federal entities.

Subscriber's Contracts

General

Use of Company facilities or service in connection with automatic announcement service, automatic answering and recording service, recorder-coupler or miscellaneous devices for recorded public announcements are subject to the following conditions:

For purposes of identification, subscribers to telephone service who transmit recorded public announcements over facilities provided by the Company must include in the recorded message the name of the organization or individual responsible for the service; and in addition the address of the organization or individual named in the announcement is shown in the currently distributed telephone directory.

G. Recording, Reproducing, and Automatic Answering and
Recording Equipment (Cont'd)

Private telephone numbers will not be furnished for use with
recorded public announcements.

Failure to comply with the provisions of this Price List shall be
cause for terminations of the service.

S13.2 CONNECTIONS OF REGISTERED TERMINAL EQUIPMENT AND SYSTEMS

A. Customer-provided equipment may be connected, at a service point
of the customer, on voice grade basis with telecommunications
service furnished by the Company, either through a network
control signaling unit and connecting arrangement or as set forth
in S13.2B.

B. Customer-Provided Terminal Equipment:

As an alternative to the methods of interconnection specified in
the preceding, customer-provided registered terminal equipment or
registered protective circuitry may be connected to the
telecommunications network in accordance with provision of this
Price List and/or the Federal Communications commission's
registration program adopted by FCC and are now in effect or may
be in effect.

SPECIFICALLY EXCLUDED FROM THE FCC REGISTRATION PROGRAM

- A. Customer-provided terminal equipment may be connected at the customer's premises to party line and semipublic coin services of the Company in accordance with the following:
1. The connection of customer-provided terminal equipment to services specifically excluded from the Federal Communications Commission's Registration programs shall be through a protective connecting arrangement which must be furnished by the Company.
 2. The connection of customer-provided communications equipment must comply with all the criteria contained in Subpart D of Part 68 of the Federal Communications Commission's Rules and Regulations both prior to and after the application of each of the mechanical and electrical stresses specified in that section.

S13.7 CUSTOMER PREMISES INSIDE WIRE

- A. General Regulations
1. Customer premises inside wire and standard jacks associated with residence and business individual line basic local exchange services, as defined elsewhere in this Price List, may be provided by either the Company on a deregulated basis or the customer.
 2. Customer premises inside wire is defined as that wire, including connectors, blocks and jacks, within a customer's premises that extends between the termination of the Exchange Access Line and those standard jack locations within the customer's premises to which terminal equipment can be connected for access to the Network Access Line.

S13.7 CUSTOMER PREMISES INSIDE WIRE (Cont'd)

A. General Regulations (Cont'd)

7. Maintenance of customer owned premises inside wire may be performed by either the Company on a deregulated basis or the customer.

B. Responsibility of the Customer

1. When the customer provides the inside wire and standard jacks, the installation must be in accordance with the technical standards furnished to the commission by the Company.

2. In the event the customer maintains or attempts to maintain inside wire, the customer assumes the risk of loss of service, damage to property, or death to or injury of the customer or the customer's agent. The customer will save the Company harmless from any and all liability claims, or other damage suits arising out of the customer's wire maintenance activity.

3. In those instances where the Company makes a repair visit to the customer's premises and the service difficulty of trouble results from customer-provided inside wire that is not installed in accordance with the technical standards for such wire, the customer is responsible for the payment of an unregulated maintenance of service charge.

S14. EMERGENCY SERVICE

S14.1 ENHANCED UNIVERSAL EMERGENCY NUMBER SERVICE - E-911

A. General

1. Enhanced Universal Emergency Number Service, also referred to as Enhanced 911 Service or E911, is a telephone exchange communication service whereby a Public Safety Answering Point (PSAP) designated by the customer may receive telephone calls dialed to the telephone number 911.
2. Enhanced 911 Service is offered subject to availability of jointly owned facilities provided by the Company and AT&T of Alabama (ATT). Jointly owned facilities are necessary because the company serving boundaries and political subdivision boundaries may not coincide and because CTC does not provide the equipment necessary to translate and receive Automatic Location Identification.
3. The E911 customer may be a municipality or other state or local governmental unit, or an authorized agent of one or more municipalities or other state or local governmental units to whom authority has been lawfully delegated. The customer must be legally authorized to subscribe to the service and have public safety responsibility by law to respond to telephone calls from the public for emergency police, fire or other emergency services within the telephone central office areas arranged for 911 calling.

B. Definitions

Automatic Number Identification (ANI) is a feature which automatically forwards the telephone number of the calling E911 party to facilities of ATT for processing in accordance with its E911 tariff.

Class Screening (CS) is a feature which provides the capability to selectively forward a E911 calling party to jointly provided specific trunk group(s).

Automatic Location Identification (ALI) is a feature by which the name (business accounts only) and the primary address associated with the calling party's telephone number (identified by ANI) is forwarded to the PSAP. This feature is not provided by the Company but is available through the tariff or price list of ATT.

Automatic Location Identification Data Base Maintenance is a feature that provides an initial list of all subscribers by customer, telephone number, and service address and periodically updates this information.

Section 14
Original Sheet 2

S14. EMERGENCY SERVICE

S14.1 ENHANCED UNIVERSAL EMERGENCY NUMBER SERVICE - E-911 (Cont'd)

B. Definitions (Cont'd)

Public Safety Answering Point (PSAP) is the subscribing customer's predetermined location where the subscribing customer's employees answer E911 calls and dispatch to appropriate or combination of agencies responsible for providing emergency service in the E911 servicing area.

Enhanced 911 Service Area is the geographical area in which the subscribing customer will respond to all E911 calls and dispatch appropriate emergency assistance.

Universal Emergency Number Service is a telephone exchange service for receiving telephone calls placed by persons in need of assistance who dial the number 911. Such calls are answered at PSAPs established and operated by the customer. The lines and the equipment specified in this Tariff section and other exchange carriers' tariffs are associated with the service arrangements for the answering, transferring and dispatching of public emergency telephone calls.

C. Rules and Regulations

1. This service is limited to the use of central office telephone number 911 as the Universal Emergency Telephone Number. Only one 911 service will be provided within any government agency's locality.
2. The 911 emergency telephone number is not intended as a total replacement for the telephone service of the various public safety agencies which participate in the use of this number.
3. The service is furnished to the customer only for the purpose of receiving reports of emergencies by the public.
4. E911 Service, provided under the tariff of other carriers, is provided solely for the benefit of the customer operating a PSAP. The provision of Class Screening, Automatic Number Identification and Location Identification Data Base Maintenance by Company shall not be interpreted, construed, or regarded, either expressly or implied by, as being for the benefit of or creating any Company obligation toward any third person or legal entity other than the subscribing customer.
5. The Company does not undertake to answer and forward E911 calls, but furnishes the use of its facilities which, together with facilities of other carriers, enables the subscribing customer's personnel to respond to such calls on the customer's premises.

Section 14
Original Sheet 3

S14. EMERGENCY SERVICE

S14.1 ENHANCED UNIVERSAL EMERGENCY NUMBER SERVICE - E-911 (Cont'd)

C. Rules and Regulations (Cont'd)

6. Temporary suspension of service is not provided for any part of the E911 Service.
7. The customer agrees to release, indemnify and hold the Company harmless for any infringement of invasion of the right of privacy of any person or persons, caused or claimed to have been caused, directly or indirectly by the installation, operation, failure to operate, maintenance, removal, presence, condition, occasion or use of E911 Service featured and the equipment associated therewith, or by any services furnished by Company in connection therewith, including, but not limited to, the identification of the telephone number, address or name associated with the telephone used by the party or parties accessing 911 Service hereunder, and which arise out of the negligence or other wrongful act of the Company, the customer, its user, agencies or municipalities, or the employees or agents of any one of them.
8. Application for E911 Service must be executed in writing by each customer. If application for service is made by an agent, the Company must be provided written satisfactory proof of appointment of the agent by the customer. At least one local law enforcement agency must be included among the participating agencies in any 911 offering.
9. The Company's liability for any loss or damage arising from errors, interruptions, defects, failures, or malfunctions of this service or any part thereof, whether caused by the negligence of Company or otherwise, shall not exceed the greater of total charges applicable to the service for one (1) year or the then-current term of the agreement. In the case of service disruption, the Company's liability shall be limited to an amount equivalent to a pro rata credit for the charges applicable for the period of interruption.

D. Service Features

Enhanced 911 is available in Company's Local Network Area in the form of Automatic Number Identification and Class Screening (ANI/CS). Company will provide its exchange public the ability to access their Enhanced 911 Service Area by Class Screening. Company will also provide Automatic Location Identification Data Base Maintenance. ANI will be routed to ATT for forwarding to the subscribing customer's predetermined Public Safety Answering Point (PSAP).

or d/b/a WOW! Internet, Cable and Phone

Section 14
Original Sheet 4

S14. EMERGENCY SERVICE

S14.1 ENHANCED UNIVERSAL EMERGENCY NUMBER SERVICE - E-911 (Cont'd)

E. Rates and Charges

1. The calling party is not charged for calls placed to the 911 number.
2. Rates and charges are priced in regards to main and equivalent main stations, rounded upwards to the next nearest 1,000. This count is based upon the maximum number of the stated main stations in service during the most current twelve month period at the time service is established.
This count will be adjusted annually to update customer billing with the applicable twelve month period being the twelve months ending with calendar year.

Rate Per 1000 main stations served:

| | <u>Nonrecurring</u> | <u>Monthly Charge Rate</u> |
|---|---------------------|----------------------------|
| Automatic Number Identification | ICB | \$ 60.00 |
| Automatic Location Identification Data Maintenance | ICB | \$ 30.00 |
| Class Screening | ICB | \$ 28.00 |
| E911 Trunks @ \$125.00 each ** (2 required per exchange) | | \$250.00 |

3. PSAP Terminal Equipment

Company or customer-provided equipment may be furnished to terminate 911 exchange lines at any PSAP.

- a. When the Company provides PSAP equipment, it will be provided at rates and charges for modification of standard equipment or special equipment for service arrangements for which provision is not otherwise made in the Company's Tariff or Price List. These will be furnished, when practical, by the Company at charges equivalent to the estimated cost of furnishing such equipment and arrangements, if not detrimental to any of the services furnished under the Company's Tariff and Price List. Cost of special assembly may include:
 - (1) cost of maintenance;
 - (2) cost of operation;

** Appropriate Service Connection Charges as set forth in Section 6 of this Tariff.

S14. EMERGENCY SERVICE

S14.1 ENHANCED UNIVERSAL EMERGENCY NUMBER SERVICE - E-911 (Cont'd)

E. Rates and Charges (Cont'd)

3. PSAP Terminal Equipment (Cont'd)

a. (Cont'd)

- (3) depreciation on the estimated cost installed of any facilities used to provide the special assembly, based on the anticipated useful service life of the facilities with an appropriate allowance for the estimated net salvage;
- (4) general administration expenses, including taxes on the basis of average charges for these items;
- (5) any other item of expense associated with the particular situation.
- (6) an amount, computed on the estimated cost installed of the facilities used to provide the special assembly, for return on investment.

Estimated cost installed mentioned above includes cost of equipment, and materials provided or used plus the estimated cost of installing, including engineering, labor, supervision, transportation, rights-of-way and other items which are chargeable to the capital accounts.

- b. When customer-provided terminal equipment is employed at a PSAP, it will be furnished in accordance with the general provisions set forth in Section 13, Interconnection with Communications Equipment and Systems Provided by the Customer, of this Tariff.

Tie lines, private lines, extension access lines and other such channels connecting a PSAP to various agencies such as police, fire or ambulance service, are provided at filed tariff rates for such channels and facilities as specified in this and other appropriate tariffs.

Valley Telephone Co., LLC d/b/a Knology
or d/b/a *WOW! Internet, Cable and Phone*

Section 25
Original Sheet 1

S25. GENERAL RULES AND REGULATIONS

S25.1 APPLICATION OF REGULATIONS

- A. The regulations set forth herein apply to intrastate services and facilities furnished within the State of Alabama by Valley Telephone Co., LLC d/b/a Knology hereinafter referred to as the Company, subject to the jurisdiction of the Alabama Public Service Commission. When services and facilities are provided in part by the Company and in part by other companies, the regulations of the Company apply to that portion of the service or facilities furnished by it.

S25.2 USE OF SERVICE

A. Abuse or Fraudulent Use of Service

1. The service is furnished subject to the condition that there will be no abuse or fraudulent use of the service. Abuse or fraudulent use of service includes:
- a. the use of service or facilities of the Company to transmit a message or to locate a person or otherwise to give or obtain information without payment of the charge applicable for service;
 - b. rearrangement of, tampering with or connection of equipment to the facilities of the Company to obtain, to attempt to obtain or to assist others to obtain service without payment (in total or in part) of regular charges for the service.
 - c. false representation, scheme, trick or device whatsoever intended to avoid payment (in total or in part) or regular charges for the service;
 - d. the use of service or facilities of the Company for a call or calls, anonymous or otherwise, if in a manner reasonably to be expected to frighten, abuse, torment or harass another;
 - e. the use of profane or obscene language;
 - f. the use of the service in such manner as to interfere unreasonably with the use of the service by one or more other customers;
 - g. the impersonation of another.

B. Use of Service for Unlawful Purposes

The service is furnished subject to the condition that it shall not be used for any unlawful purpose.

PRICE LIST

or d/b/a WOW! Internet, Cable and Phone

Section 25
Original Sheet 2

S25. GENERAL RULES AND REGULATIONS

S25.2 USE OF SERVICE (Cont'd)

C. Use of Party Line Service (N/A)

D. Use of Customer Service (N/A)

E. Minimum Contract Period

1. Except as specified elsewhere in this Price List, the minimum contract period is one month from the date service or additions to service are established and the minimum charge is the authorized rate for one month. For purposes of rate administration each month is considered to have 30 days.
2. The Company may require a contract period longer than one month at the same location in connection with special types or arrangements of equipment or for unusual construction necessary to meet specific demands for service.

F. Termination of Service

1. By the Company

- a. The Company may refuse to furnish, or may terminate the service and remove its equipment under the following circumstances, provided suitable notice has been given to the customer:

The charge for telephone exchange service will be billed, and will be due and payable monthly. If bills are not paid within 5 days after the bill is delinquent and the Company has served notice of its intent to disconnect the service, service may be suspended on the telephone numbers which accounts are unpaid. The failure to receive bills that have been rendered, will not alter the Company's practice as outlined.

In its discretion, the Telephone Company may restore or re-establish service which has been suspended or discontinued for non-payment of charges due. Such restoration or re-establishment shall not be construed as a waiver of any rights to suspend or discontinue service for non-payment of any such or other charges due and unpaid or for the violation of the provisions of the Tariff, nor shall the failure to suspend accounts operate as a waiver or stoppage to suspend or discontinue service for non-payment of such account or of any other past-due regulated account.

S25. GENERAL RULES AND REGULATIONS

S25.2 USE OF SERVICE (Cont'd)F. Termination of Service (Cont'd)

1. By the Company (Cont'd)

a. (Cont'd)

- (1) upon the continuance of any regulated unpaid amount due R for a period of 5 days following temporary suspension;
- (2) Upon the continuance of any unauthorized attachment or connection of customer owned facilities with facilities provided by the Company;
- (3) Upon objection to the furnishing of a service made in writing by or on behalf of any government law enforcement agency acting within its jurisdiction, on the grounds that such service is, or will be, used for an illegal purpose;
- (4) Upon the use of a service in such a manner that, in the opinion of the Company, constitutes abuse or fraud or may tend to injuriously affect the efficiency of the Company's plant, property, or service;
- (5) Upon a violation of any of the regulations governing the furnishing of a service.
- (6) At various times during the operation of the business the Company may recognize that a customer's current charges are excessive or are in excess of deposits on hand by the Company. In such cases, the Company may deem it necessary to render an immediate bill for these charges and has the right if the bill is not paid upon five days written notice to terminate the service or at the discretion of the Company to require an additional deposit amount.
- (7) For violation of and/or non-compliance with the General Rules and Telephone Rules of applicable Regulatory Body.

S25. GENERAL RULES AND REGULATIONS

S25.2 USE OF SERVICE (Cont'd)F. Termination of Service (Cont'd)2. At customer's request

- a. Contracts for service may be terminated prior to the expiration of the contract period provided advance notice is given to the Company and upon agreement to pay all charges due for the service furnished, plus any termination charges which might be applicable.
- b. Where a contract for service with one month minimum period is cancelled before establishment of the service is completed, a charge not to exceed the service charge specified, is applied if all or a portion of the facilities have been installed.
- c. Where a new customer takes over the service of the former customer provided the service is to be furnished at the same location without interruption and that the new customer assumes all unpaid charges on the original contract. Minimum and termination charges will apply for any service furnished under the original contract which is not retained by the new customer.

S25. GENERAL RULES AND REGULATIONS

S25.2 USE OF SERVICE (Cont'd)G. Resale of Service

1. The Company offers for resale at wholesale rates, consistent with the provisions of 47 U.S.C. 251(C)(4)(A) and (B) and subject to applicable Commission orders, rules and regulations, any telecommunications service that the incumbent local exchange carrier provides at retail to subscribers who are not telecommunications carriers. Such service may be resold only by telecommunications companies authorized to provide resold service in Alabama pursuant to commission approved contract agreements with the Company.
2. Upon request, an avoided cost discount shall be applied to all qualifying resold services. Such discount shall be established or approved by the Public Service Commission.
3. Telecommunications Services may be resold only for their intended or disclosed use, under the same terms and conditions applicable to Company end users, and only to the same class of customers. The reseller, as the customer-of-record, is the person or entity responsible for placing the application for service, requesting additions, rearrangements, maintenance, or discontinuance of service, payment in full of charges incurred such as toll, directory assistance, etc. In addition, the reseller must provide the necessary security to the Company to adequately secure their account.

S25. GENERAL RULES AND REGULATIONS

S25.2 USE OF SERVICE (Cont'd)H. Restoration of Service

1. In its discretion, the Telephone Company may restore, or re-establish, service which has been suspended or discontinued, for non-payment of charges without payment of all charges due. Such restoration, or re-establishment, shall not be construed as a waiver of any rights to suspend, or discontinue, service for non-payment of any such, or other, charges due and unpaid or for the violation of the provisions of the Tariff; nor shall the failure to suspend or discontinue service for non-payment of any past due accounts operate as a waiver to suspend, or discontinue, service for non-payment of such account or any other past due account.
2. Should service be suspended for non-payment of charges, restoration of service will be made as specified under S6. of this Tariff.
3. A customer who fails to pay his bill by the time specified by the regulations of the Telephone Company regarding the prompt payment of bills, and who further fails to pay such bill within a reasonable period (regardless of whether or not service is discontinued for such non-payment, e.g., when disconnected for noncompliance, on wiring or equipment, etc.) may be required to pay such bill together with the applicable reconnection charge.

S25. GENERAL RULES AND REGULATIONS

S25.2 USE OF SERVICE (Cont'd)I. Subscriber Complaints

1. Informal complaints against the Telephone Company shall be made first directly to the Telephone Company. If the complainant is not satisfied with the disposition of the complaint, the subscriber or authorized representative then may file a complaint with the Commission.
2. A formal complaint or protest shall be in writing and submitted to the Telephone Company and the Commission.

J. Alabama Relay Center Restrictions

1. The following calls may not be placed through the Alabama Relay Center:
 - Calls to 976, 900, or 700 numbers.
 - Calls to time or weather recorded messages.
 - Calls to other informational recordings.
 - Station sent paid calls from coin telephones.
 - Operator handled conference service and other teleconference calls.
 - All calls billed to Cards (i.e., Credit Cards and Calling Cards) other than those issued by AT&T or the LECs.
2. The Company will not transmit messages, but offers the use of its facilities when available, and will not be liable for errors in transmission or for failure to establish connections. Employees of the Company are forbidden to accept either oral or written messages to transmitted over the facilities of the Company, except where the Company transmits messages for Telecommunications Devices for the Deaf (TDD).

J. Alabama Relay Center Restrictions (Cont'd)

3. Where the Company transmits messages through the Alabama Relay Center, the Company shall not be liable for errors in translating, transmitting, receiving or delivering messages by telephone, TDD or any other instrumentality over the facilities of the Company, connecting utilities or through the Alabama Relay Center, in the absence of gross negligence or willful misconduct.

S25. GENERAL RULES AND REGULATIONS

S25.3 ESTABLISHMENT AND FURNISHING OF SERVICEA. Application for Service

1. Applications for telephone service must be made on the Company's prescribed contract or application form. Subsequent service requests may be made orally or in writing to the Company's local business office.
2. Any change in rates or regulations prescribed by the applicable regulatory body modifies the terms and regulations of contracts to the extent of such change.
3. The Company reserves the right to refuse service to any applicant who is found to be indebted to the Company for service previously furnished until satisfactory arrangements have been made for the payment of all such indebtedness. This right to refuse service is subject to compliance with the Commission's General Rule 12 (I) and Telephone Rule T-7. The Company may also refuse to furnish service to any applicant desiring to establish service for former subscribers of the Company who are indebted

for previous service, regardless of the listing requested for such service, until satisfactory arrangements have been made for the payment of such indebtedness This is to include applicants from the same household, who are related, even though service is requested in a different name from that of the former subscriber.

4. If telephone service is established and it is subsequently determined that either condition in 3. above exists, the Company may suspend or disconnect such service until satisfactory arrangements have been made for the payment of the prior indebtedness.

B. Application for Business Rates

1. Business rates apply in offices, stores, factories, and all other places of a strictly business nature.
2. In boarding houses (except as noted elsewhere), offices of hotels, halls and offices of apartment buildings, quarters occupied by clubs or lodges, public, private, or parochial schools, or colleges, hospitals, libraries, churches, college fraternity houses, and other similar institutions (but excluding dormitory rooms at such schools or colleges).

B. Application of Business Rates (Cont'd)

3. At residence locations when the customer has no regular business telephone and the use of the service either by himself, members of his household, or his guests, or parties calling him can be considered as more of a business than of a residence nature, which fact might be indicated by advertising, either by business cards, newspapers, hand bills, billboards, circulars, motion picture screens, or other advertising matter, such as on vehicles, etc.
4. Where the place of business and residence of a customer are in the same premises and no telephone is installed in the place of business, the business rate shall be charged for the telephone installed in the residence.
5. At residence locations, when a telephone station or extension bell is located in a shop, office, or other place of business.
6. At any location where the listing of service at that location indicates a business, trade, or profession, except as specified below.

S25.3 ESTABLISHMENT AND FURNISHING OF SERVICE (Cont'd)

C. Application of Residence Rates

1. Residence rates apply in private residences where business alphabetical or classified telephone directory listings are not provided.
2. In private apartments of hotels, rooming houses, or boarding houses where service is confined to the customer's use, and elsewhere in rooming houses which are not advertised as a place of business or which have less than five rooms for roomers or which furnish meals to less than ten boarders, provided business telephone directory listings are not furnished.
3. Where the place of business and residence of a customer are in the same premises and no telephone is installed in the place of business, the business rate shall be charged for the telephone installed in the residence.

D. Advance Payments

1. At the time an application for service is made, an applicant may be required to pay an amount equal to at least one months' service, since billed one month in advance, in addition to such special construction charges, installation charges, service connection charges, and a deposit specified in this Price List, and any other applicable charges. The amount of the advance payment is credited to the customer's account on the first bill rendered.

E. Customer Billing (Cont'd)

4. All charges due by the subscriber are payable by the subscriber at the Telephone Company's Business Office or at other agency duly authorized to receive such payments. Adjustments due to billing inaccuracies shall be limited to the most recent 36 month period according to Rule T5 (C) (5) and (6).
5. For billing purposes each month is presumed to have thirty days.
6. Retroactive billing adjustments will not be made for a period exceeding thirty six (36) months per Rule T5 (C) (6) and (7) from the date an objection is filed by the customer.
7. The Company may temporarily suspend service in the event the customer fails to pay any regulated amount due. Such suspension shall not be made until at least five days following written notification to the customer of the intention to suspend service.
8. A late payment charge of \$10.00 applies to each subscriber's bill (including amounts billed in accordance with Company's billing and Collection Services) when any undisputed portion of a previous month's bill has not been paid in full by the subsequent billing date. The charge is applied to the total amount carried forward and is included in the total amount due on the subscriber's current bill. The charge is only applied if the subscriber's previous month's outstanding balance is at least \$20.00

S25.3 ESTABLISHMENT AND FURNISHING OF SERVICE (Cont'd)

E. Customer Billing (Cont'd)

9. The Company will endeavor to send subscribers' bill for telephone service, but the Company does not obligate itself to send itemized bills with each statement. If the bill is not received on the first, the amount may be ascertained by calling the bookkeeper.

F. Telephone Numbers

1. The customer has no property right to the telephone number nor any right to continuance of service through any particular central office.
2. The Company reserves the right to change the customer's telephone number or the central office associated with such number, or both, as may be required for the proper conduct of its business.

S25. GENERAL RULES AND REGULATIONS

S25.3 ESTABLISHMENT AND FURNISHING OF SERVICE (Cont'd)G. Alterations

The customer agrees to notify the Company promptly whenever alterations or new construction on premises owned or leased by him necessitate changes in the Company's equipment; and the customer agrees to pay the Company's current charges for such changes.

The rates and charges specified in this Price List contemplate that work in connection with furnishing or rearranging service be performed during regular working hours. Whenever a customer requests that work necessarily required in the furnishing or rearranging of his service be performed outside the Company's regular working hours or that once begun be interrupted, so that the Company incurs costs that would not otherwise have been incurred, the customer may be required to pay, in addition to the other rates and charges specified in this Price List, the amount of additional "costs" incurred the Company as a result of the customer's special requirements.

H. Special Construction

1. Private Property (See also Section 12, Charges Applicable Under Special Conditions)
 - a. An average amount of entrance and distribution facilities may be furnished by the Company provided the facilities are of the standard type normally furnished for the particular location or kind of service.
 - b. If additional entrance or distribution facilities are required; if the conditions are such as to require special equipment, maintenance or methods of construction; if the stability of the customer has not been established; if the installation is for a temporary or semi-permanent purpose or if for any other reason the construction costs are excessive as compared with the revenue to be derived, the applicant shall be required to pay the costs over and above those applicable for a normal installation.
 - c. The customer will provide the company without charge written permission for the placing of the Company's facilities on the property.

S25. GENERAL RULES AND REGULATIONS

S25.3 ESTABLISHMENT AND FURNISHING OF SERVICE (Cont'd)H. Special Construction (Cont'd)2. Underground

- a. When feasible conduit will be furnished by the Company at cost, or conduit may be provided by the applicant subject to the Company's specifications. Conduit used for telephone company facilities may not be used for any other purpose without the consent of the Company. The distance between the conduit and any Electric Light or Power Conduit or Conductor shall be in accordance with the Company's specifications.

The customer shall be required to pay the entire cost of maintenance of conduit including subsequent excavations and replacements necessary because of damage resulting from negligence on the part of the customer or his representatives or from freezing or improper drainage.

- b. The cost of relocating underground entrance facilities at the customer's request will be borne by the customer.

3. Facilities in Underground Conduit

- a. The customer will be required to bear the cost of installation of such wiring unless specified or agreed to by the Company.

I. Special Assemblies of Speculative Projects

1. Special assemblies of speculative projects for which provision is not otherwise made in this Price List may be provided where practicable, if not detrimental to any of the services furnished by the Company.
 - a. The charge for such facilities may be in the form of an installation charge, a monthly charge, a termination charge or any combination thereof and will include, when applicable, one or more of the following estimated expense items associated with the special service provided:
 - (1) maintenance expense
 - (2) depreciation expense- including reusable and non-recoverable items
 - (3) administration expense
 - (4) taxes - including Federal Income Tax
 - (5) any other specific items of expense that may be associated with the facility provided
 - (6) a reasonable return on investment
 - b. The estimated installation cost used in the derivation of the various expense items shall include the following:
 - (1) material
 - (2) material overhead
 - (3) installation labor
 - (4) installation labor overhead

I. Special Assemblies of Speculative Projects (Cont'd)

2. In connection with Marketing and Sales studies and/or Marketing and Sales programs, the Company reserves the right to waive service charges within specified areas for such periods of time as designated by the Company. In the absence of a Tariff concerning a requested service or a new product offered, the company may provide the service under a mutually agreed contract between company and customer.

J. Change of Occupancy

1. When a change of occupancy or legal responsibility takes place on any premise served by the Telephone Company, notice shall be given within a reasonable time prior to change. The outgoing subscriber is responsible for all service charges, including toll until such notice has been properly transmitted, received and processed by the Telephone Company. If the incoming subscriber desires to continue the existing service and keep the same telephone number of the previous subscriber, he must make timely application to do so and assumes full responsibility for all billings received, including toll, from the date of the change of occupancy. When the date of change of occupancy does not coincide with the billing cycle date of toll and other services, it is the responsibility of the involved customers to split the billing between themselves. No service under this section shall be provided for the incoming subscriber until all his prior indebtedness has been resolved to the satisfaction of the Telephone Company.

J. Change of Occupancy (Cont'd)

2. In the event a home or business changes ownership during the period and a special contract or unpaid construction charges remain, the present owner must arrange to satisfy the present agreement with the Telephone Company or make arrangements satisfactorily to the Telephone Company for a new owner to assume the obligation for the balance of the obligation.
3. All such notices shall be made in person or in writing. Telephone communications shall not be considered proper notice. The Telephone Company is not responsible for errors, delays or expense resulting from procedures other than those defined in this Price List.
4. Continuance of existing service is conditioned upon the acceptance of the present arrangement of services, including directory advertising.

S25. GENERAL RULES AND REGULATIONS

S25.4 ESTABLISHMENT AND MAINTENANCE OF CREDITA. Establishment of Credit

1. The Company is not obligated to establish, furnish or continue to furnish service to any individual or firm that owes for service previously rendered at the same or a different address, until arrangements have been made to liquidate such previous indebtedness to the Company. This refusal of service is subject to compliance with the commissions General Rule 12 (I) and Telephone Rule T-7. In order to insure the payment of all charges due for its service, the Company may require any customer to establish and maintain his credit in one of the following ways:
 - a. By furnishing acceptable credit references to the Company.
 - b. By providing a suitable guarantee in writing, in a form prescribed by the Company.
 - c. By means of a cash deposit.
2. The Company shall be the sole judge as to whether or not the references or guarantee in writing are acceptable.

B. Deposits

1. The Company may, when in its judgment such deposit is necessary, require at any time, from an applicant, or subscriber, a cash deposit intended to guarantee payment of the current bills for telephone service. Such deposit shall not exceed the monthly amount for local exchange service and other monthly charges added to twice the estimated monthly toll charges. Interest shall be paid by the Company upon such deposit at the rate prescribed by the Public Service Commission. Interest shall be payable for the time such deposit was held by the Company and the customer was served by the Company, unless such period be less than 30 days.
2. The fact that a deposit has been made in no way relieves the applicant or subscriber from complying with the Company's regulations as to advance payments and the prompt payment of the bills upon presentation by the Company, and providing for the discontinuance of service for nonpayment of any regulated sum due the Company for telephone service.

E. Adjustments for Taxing Authority Payments

Rates and charges quoted in this Price List do not include any excise, sales, use, franchise, based on receipts, license, occupational, privilege, inspection, pole line rental or similar taxes or fees whether such charges be lump sum or flat rate, that may be assessed against the Company.

Any taxes or fees referred to above levied or assessed by any municipality, county, state, or governmental agency against the Company, shall be prorated among the customers receiving the service so levied or assessed and shall be added to the rates and charges quoted herein.

"The charges billed by the Company pursuant to these provisions will be listed individually on the bill and identified as follows: (type of license, fee, tax or charge) required by action of (name of governmental entity)."

Note: Nothing in this Price List shall prohibit the billing to customers of the amount of any tax or fee imposed by a county or other local taxing authority at the time of the posting of this Price List.

S25. GENERAL RULES AND REGULATIONS

S25.5 OBLIGATION AND LIABILITY OF THE COMPANY

A. Undertaking of the Company

The Company does not transmit messages but offers the use of its facilities for communications between customer. If because of transmission difficulties, the operator, in order to accommodate the customer, repeats messages, she is deemed to be acting as the agent of the persons involved and no liability shall attach to the Company because of any errors made by the operator or misunderstandings that may arise between customers because of the errors.

B. Provision of Equipment

1. All equipment necessary for the provision of a given service will be furnished by the Company on a deregulated basis or by the customer except as provided elsewhere in this Price List. The customer may be required to provide suitable housing or other protective measures where equipment is to be installed in locations exposed to weather or other hazards. Commercial power will be furnished by the customer on his premises in suitable outlets when required.
2. No equipment, apparatus, circuit or device not furnished by the Company shall be attached to or connected with the facilities furnished by the Company; whether physically, by induction, acoustically or other; except as provided in this Price List or as otherwise authorized in writing by the Company. In case any such authorized attachment or connection is made, the Company shall have the right to remove or disconnect the same or to terminate the service.

S25. GENERAL RULES AND REGULATIONS

S25.5 OBLIGATION AND LIABILITY OF THE COMPANY (Cont'd)B. Provision of Equipment (Cont'd)

3. The provisions of the preceding shall not be construed or applied to bar a customer from using devices which serve his convenience in his use of the facilities of the Company provided any such device so used does not:
 - a. endanger the safety of Company employees or the public;
 - b. damage, disconnect or remove or permit others to disconnect or remove any apparatus installed by the Telephone Company, except upon the written consent of the Company, require change in or alteration of, or involve direct electrical connection to, the equipment or other facilities of the Company, unless as provided for elsewhere in this Tariff.
 - c. interfere with the proper functioning of such equipment or facilities;
 - d. impair the operation of the communication system;
 - e. otherwise injure the public in its use of the Company's services.

B. Provision of Equipment (Cont'd)

4. Except as otherwise provided in this Price List, nothing herein shall be construed to permit the use of a recording device or of a device to interconnect any line or channel of the Company with any other communication line or channel of the Company or of any other person.
5. Normally the nature of telephone service requires the Telephone Company to own, control, and maintain the apparatus and equipment used in furnishing the service. However, at the option of the Telephone Company, and in order to accommodate variety in public taste and demand, certain equipment may be supplied by the Company or leased from vendors and offered subject to contracts to customers.
 - a. Termination Contract Applicable.
6. Floor Space, Electric Power and Other Facilities at the Customer's Premises

The customer is responsible for the provision and maintenance, at his expense, of all suitable space and floor arrangements, including but not limited to adequate lighting, proper relative humidity and temperature

control, required on his premises for communication facilities provided by the Company in connection with services furnished to the customer by the Company. Any power outlets and commercial power required for the operation of such facilities shall be provided by, and at the expense of, the customer. All operations required for the use of communications facilities provided by the Company at the customer's premises will be performed at the expense of the customer, and must conform with the operating practices and procedures of the Company to maintain a proper standard of service.

C. Furnishing of Service

The Company's obligation to furnish service is dependent upon its ability to secure and retain, without unreasonable expense, suitable facilities and rights for the construction and maintenance of the necessary circuits and equipment.

D. Maintenance and Repair

1. All costs associated with the maintenance and repair of regulated services furnished by the Company will be borne by the Company, except as specified elsewhere in this Price List.

S25. GENERAL RULES AND REGULATIONS

S25.5 OBLIGATION AND LIABILITY OF THE COMPANY (Cont'd)D. Maintenance and Repair (Cont'd)

2. The Company will be reimbursed for any loss or damage to its facilities on the customer's premise resulting from intentional destruction or any other cause. (Charges for damages will be replacement cost of materials plus labor.)
3. Access to customer's premises, at any reasonable hour, will be given to representatives of the Company for the purpose of inspecting, repairing, testing or removing any part of the Company's facilities.

E. Liability

1. The liability of the Company for damages arising out of mistakes, omissions, interruptions, delays or errors or defects in transmission occurring in the course of furnishing service and not caused by negligence of the customer shall in no event exceed an amount equivalent to the proportionate charge to the customer for the period of service during which such mistakes, omissions, interruptions, delays or errors or defects in transmission occurs.

S25.6 LIMITATIONS AND USE OF SERVICE

A. Network Facilities for Use With Automatic Dialing and Announcing Devices

1. Subscribers who wish to use automatic dialing and announcing devices for solicitation purposes must do so pursuant to the following terms and conditions.
 - a. No numbers will be called in sequential fashion. Sequentially placed calls refer to those calls automatically dialed by successfully increasing or decreasing integers, or similar methods.
 - b. Where facilities permit, the equipment shall be so programmed or utilized in such a manner as to automatically disconnect a called party's line not later than ten seconds after the called party hangs up.

S25. GENERAL RULES AND REGULATIONS

S25.6 LIMITATIONS AND USE OF SERVICE (Cont'd)A. Network Facilities for Use With Automatic Dialing and Announcing Devices (Cont'd)

1. (Cont'd)

- a. Within 20 seconds after the called party answers, the name and telephone number of the individual or firm making or paying for the call, including but not limited to, the name of the individual whose behalf the call is made, must be stated.
- b. At the conclusion of the call, the name and telephone number of the individual or firm making or paying for the call, including but not limited to, the name of the individual or firm on whose behalf the call is made, must again be clearly stated.
- e. If the customer's response is to be recorded, they must be informed of such and permission must be granted.
- f. If the solicitation call requires a response by the customer and a charge will apply, the customer must be informed that the response is not a free call. The vendor at this time, must give the customer the amount of the charges that will be applied if they respond.

Original Sheet 38

S25. GENERAL RULES AND REGULATIONS

S25.6 LIMITATIONS AND USE OF SERVICE (Cont'd)

A. Network Facilities for Use With Automatic Dialing and Announcing Devices (Cont'd)

1. (Cont'd)

m. Connection of customer provided communication systems must meet the Telephone Company's requirements as well as Part 68 of the Federal Communications Commission's Rules and Regulations.

n. Emergency and unlisted telephone numbers will not be used with recorded solicitation communication.

2. In cases where there is an existing business relationship between the called party and the subscriber and where the subscriber uses the dialing and announcing devices strictly as a follow up device to supply information related to these prior dealings, the preceding terms and conditions will not apply. However, even subscribers who have had prior dealings with the called party will not be allowed to utilize the automatic dialing and announcing devices for solicitation purposes.

3. Any subscriber operating or utilizing automatic dialing equipment who does so in violation of the provisions set forth preceding will be subject to immediate disconnection of telephone service.

4. Refer to Alabama Public Service Commission Telephone Rules.

S26. DEFINITIONS

ACCESS LINE

A circuit directly connecting the central office switching equipment with the subscriber's termination point.

ACCESS POINT

The point where the company's equipment or the equipment of others attaches to the facilities of the Company. Under the conditions of customer-owned equipment, normally this access point is a protector. The particular point to be determined by the Company, depending upon service requested.

ACCESS LINE WORK CHARGE

Work associated with the line extending from the serving central office to the customer's premises. Includes, but is not limited to, central office connections, cable cross connections.

ADDITIONAL LISTING

Any listing of a name or other authorized information in connection with a customer's telephone number in addition to that to which he is entitled in connection with his regular service.

PRICE LIST

Valley Telephone Co., LLC d/b/a Knology
or d/b/a *WOW! Internet, Cable and Phone*

Section 26
Original Sheet 2

S26. DEFINITIONS

ALABAMA RELAY CENTER

The Alabama Relay Center permits hearing and speech impaired users of Telecommunications Devices for the Deaf (TDD) to communicate with users of ordinary telephones. Communications take place by relaying conversations (voice to TDD and TDD to voice). These calls are between one party who must communicate by means of a TDD and another who communicates by means of an ordinary telephone. Messages are rated from the rate center of the calling party to the rate center of the called party.

APPLICANT

A person, firm, partnership, corporation, profit or nonprofit organization, governmental agency, etc., requesting service from the Company.

AUTHORIZED PROTECTIVE CONNECTING MODULE

The term authorized protective connecting module denotes a protective unit designed and manufactured under the control of the telephone company, which unit is to be incorporated in a conforming service.

AUTHORIZED USER

A person, firm, or corporation on whose premise a telephone, PBX, or private line service or channel is located and who may communicate over such channels in accordance with the terms of this Price List.

PRICE LIST

Valley Telephone Co., LLC d/b/a Knology
or d/b/a *WOW! Internet, Cable and Phone*

Section 26
Original Sheet 3

S26. DEFINITIONS

BASE RATE AREA

A specific area within an exchange service area as set forth in the local exchange boundary maps in Section 29 of this Price List. Local exchange service within this area is furnished at uniform rates without extra mileage charges.

BILL TO THIRD PARTY

Denotes a billing arrangement by which a long distance call may be charged to an authorized station as determined by the Company other than the station originating the call or the station where the call is terminated. Calls through the Alabama Relay Center may be billed only to a third number within Alabama.

BUSINESS SERVICE

Telecommunications service provided a customer where the use is primarily or substantially of a business, professional, institutional or otherwise occupational nature as more specifically defined within this Price List.

CALL

An attempted or completed communication.

PRICE LIST

Valley Telephone Co., LLC d/b/a Knology
or d/b/a *WOW! Internet, Cable and Phone*

Section 26
Original Sheet 4

S26. DEFINITIONS

CANCELLATION CHARGE

A charge applicable under certain conditions when an application for service and/or facilities is cancelled in whole or part prior to the completion of the work involved.

CENTRAL OFFICE

A switching unit in which connections are made and switching is accomplished between telephone access lines and to the toll network.

CENTRAL OFFICE EQUIPMENT

Switching, transmission and power equipment located within a central office for the purpose of connecting local, EAS and toll calls.

CHANNEL

A path for communication between two or more stations, or central offices, furnished in such a manner as the Company may elect, whether by wire, radio or a combination thereof and whether or not by a single physical facility or route.

CLASS OF SERVICE

A description of telecommunications service furnished a customer which denotes such characteristics as nature of use (business or residence) or type of rate (flat rate, measured rate, or message rate). Classes of service are usually subdivided in "grades", such as individual line, two-party, or four-party.

PRICE LIST

Valley Telephone Co., LLC d/b/a Knology
or d/b/a *WOW! Internet, Cable and Phone*

Section 26
Original Sheet 5

S26. DEFINITIONS

COIN TELEPHONE

A telephone station, either public or semi-public, equipped with a device for collecting money in payment of telephone messages, at locations chosen or accepted by the company.

COMMISSION

Alabama Public Service Commission.

COMPANY

Wherever used in this Price List, refers to Valley Telephone Co., LLC d/b/a Knology or d/b/a *WOW! Internet, Cable and Phone* unless the context clearly indicates otherwise.

CONNECTING ARRANGEMENT

The equipment provided by the company to accomplish the connection of customer-provided facilities with the facilities of the company, or of facilities of the company with other facilities of the company.

CONNECTING COMPANY

A corporation, association, partnership or individual owning or operating one or more exchanges and with which communications services are interchanged.

PRICE LIST

Valley Telephone Co., LLC d/b/a Knology
or d/b/a *WOW! Internet, Cable and Phone*

Section 26
Original Sheet 6

S26. DEFINITIONS

CONSTRUCTION CHARGE

A separate nonrecurring charge made for the construction of facilities in excess of those contemplated under the rates quoted in the service order schedule.

CONTRACT

The arrangement between a customer and the Company under which service and facilities are furnished, either in accordance with or extraneous to the applicable provisions set forth in this Price List.

COST

The word "cost" wherever used in this Tariff, shall mean or include labor, material, overhead, and all other expenses, including a profit.

CUSTOMER

Any person, firm, partnership, corporation, municipality, cooperative, organization, governmental agency, etc., provided with service by the company and responsible for the payment of charges and compliance with the rules and regulations of the company.

PRICE LIST

Valley Telephone Co., LLC d/b/a Knology
or d/b/a *WOW! Internet, Cable and Phone*

Section 26
Original Sheet 7

S26. DEFINITIONS

CUSTOMER PREMISES EQUIPMENT (CPE)

All telecommunications equipment located at a customer's premises (except pay phones).

CUSTOMER-PROVIDED TERMINAL EQUIPMENT

Devices or apparatus provided by a customer.

CREDIT CARD

Denotes a billing arrangement by which a long distance call may be charged to an authorized credit card number.

DATA ACCESS ARRANGEMENT

A protective connecting arrangement for use with the network control signaling unit, or in lieu of the connecting arrangement, an arrangement to identify a central office line and protective facilities and procedures to assure proper operation and protection of the telecommunications network.

DIAL SWITCHING EQUIPMENT

A unit of switching equipment used in a central office or in connection with a private branch exchange system.

DIRECTORY ASSISTANCE CHARGE

A charge made for requests from the Directory Assistance Operators.

PRICE LIST

Valley Telephone Co., LLC d/b/a Knology
or d/b/a WOW! Internet, Cable and Phone

Section 26
Original Sheet 8

S26. DEFINITIONS

DIRECTORY LISTING

A publication in the Company's alphabetical directory of information relative to a customer's name or other identification and telephone number.

DROP WIRE

Means of connecting a subscriber's line from the terminal on the pole to the point of demarcation on the customer's premises.

EXCHANGE

A geographical area established for the administration of telephone service in a specified area, called the "Exchange Area," which usually embraces a city, town, or village, and its environs. It may contain one or more central offices together with the associated plant, equipment, and facilities used in furnishing communication service within that area.

EXCHANGE SERVICE AREA

The territory served by an exchange within which local service is furnished at the exchange rates applicable within that area.

PRICE LIST

Valley Telephone Co., LLC d/b/a Knology
or d/b/a *WOW! Internet, Cable and Phone*

Section 26
Original Sheet 9

S26. DEFINITIONS

EXCHANGE SERVICE

The furnishing of facilities within an exchange area. Exchange facilities are used to establish and maintain connection between an exchange station and the other telephone plant and facilities in connection with long distance calls or other services.

FACILITIES

All property and means owned, operated, leased, licensed, used, furnished, or supplied for, by or in connection with the rendition of telephone service.

FOREIGN ATTACHMENT

Lines, instruments, appliances, or apparatus not owned or furnished by the Company.

PRICE LIST

Valley Telephone Co., LLC d/b/a Knology
or d/b/a *WOW! Internet, Cable and Phone*

Section 26
Original Sheet 10

S26. DEFINITIONS

FOREIGN CENTRAL OFFICE

Any central office other than that which serves the area in which the customer is located.

FOREIGN EXCHANGE

Any other exchange but that in which the customer is located.

FOREIGN EXCHANGE SERVICE

Telephone exchange service furnished to a customer other than the exchange regularly serving the area in which the customer is located.

INSTALLATION CHARGE

An installation charge is nonrecurring charge applying to the provision of certain items of equipment or facilities as distinguished from a Service Connection Charge applicable for establishment of basic telephone service and is in addition to applicable service connection charges. The installation charge may sometimes be called an "initial charge".

INTERCEPTING SERVICE

A service arrangement whereby a person calling a disconnected or discontinued telephone number is informed that, the called telephone number has been discontinued, or disconnected, or changed to another number.

PRICE LIST

Valley Telephone Co., LLC d/b/a Knology
or d/b/a *WOW! Internet, Cable and Phone*

Section 26
Original Sheet 11

S26. DEFINITIONS

INTEREXCHANGE CHANNEL

That portion of a channel which connects two or more exchanges.

JOINT USE OF SERVICE

An arrangement whereby an individual, firm or corporation whose telephone needs are not such as to justify the provision of separate customer service is permitted to use the service of a customer.

LEASE LINE

A channel tying together two or more points in the exchange area for the sole use of the subscriber. It is terminated at each point on the subscriber owned equipment and is not connected to the central office switching equipment.

LINK UP ALABAMA

Link Up Alabama provides subsidized assistance qualifying low income households by providing a credit to the installation and connection charges applicable to the provisioning of residence service.

LOCAL ACCESS AND TRANSPORT AREA (LATA)

Geographic area established for the purpose of defining the territory within which a Bell operating company may offer its telecommunications services.

PRICE LIST

Valley Telephone Co., LLC d/b/a Knology
or d/b/a *WOW! Internet, Cable and Phone*

Section 26
Original Sheet 12

S26. DEFINITIONS

LOCAL MESSAGE

A completed communication between customer's stations located within the same exchange area or local service area.

LOCAL SERVICE AREA

The area within which telephone service is furnished customers under a specific schedule of exchange rates and without toll charges. A local service area may include one or more exchange areas.

MAINTENANCE OF SERVICE CHARGE

The charge for each visit by the Telephone Company to the premises of the customer, or authorized user, where the report results from the use of equipment provided by the customer, or authorized user.

MESSAGE

A completed telephone call regardless of length of call or time and distance involved.

MESSAGE RATE

Local exchange service billed on a per-message basis.

PRICE LIST

Valley Telephone Co., LLC d/b/a Knology
or d/b/a WOW! Internet, Cable and Phone

Section 26
Original Sheet 13

S26. DEFINITIONS

MESSAGE TOLL SERVICE OR MESSAGE TELECOMMUNICATION SERVICE (MTS)

Long distance telecommunications service between exchange areas, categorized as intraLATA/intrastate, intraLATA/interstate, interLATA/intrastate, or interLATA/interstate and rated on a time and distance basis.

MILEAGE

The measurement upon which charges are computed for Foreign Exchange, tie lines and private lines.

MINIMUM CONTRACT PERIOD

The minimum length of time for which a customer is obligated to pay for service, facilities and equipment whether or not retained by the customer for such minimum length of time.

MISCELLANEOUS COMMON CARRIERS

Miscellaneous Common carriers, as defined in part 21 of the Federal Communications Commission Rules, are communications common carriers which are not engaged in the business of providing either a public landline message telephone service or public message telegraph service.

PRICE LIST

Valley Telephone Co., LLC d/b/a Knology
or d/b/a *WOW! Internet, Cable and Phone*

Section 26
Original Sheet 14

S26. DEFINITIONS

MISCELLANEOUS SERVICE

Service not regularly furnished with the various classes of exchange service.

MOBILE TELEPHONE SERVICE

A communication service provided by means of radio frequencies through a land radio telephone base station. Connections may be established between a wire station and a mobile or fixed unit or between two mobiles or fixed units.

NETWORK INTERFACE DEVICE (NID)

A standard FCC Registration Program jack or equivalent that is installed by the Telephone Company as part of the network access line on a customer's premises at a location determined by the company which is accessible to the customer and consistent with RCC Registration regulations governing the location of the network interface. The network interface is located on the customer's premises and serves as the point of connection for all premises services to the telecommunications network.

NONLISTED TELEPHONE

An exchange station which has the listing omitted from the telephone directory but listed in the directory assistance records.

PRICE LIST

Valley Telephone Co., LLC d/b/a Knology
or d/b/a *WOW! Internet, Cable and Phone*

Section 26
Original Sheet 15

S26. DEFINITIONS

NONPUBLISHED TELEPHONE

An exchange station which has the listing omitted from both the telephone directory and directory assistance records at the customer's request.

PRIVATE BRANCH EXCHANGE SERVICE

An arrangement of equipment consisting of switching apparatus with attendant's telephone, trunks to a central office and stations connected with the switching apparatus, providing for intercommunication between these stations and communication with the general exchange and interexchange systems. Throughout this Price List, the commonly used abbreviation "P.B.X." will be substituted for the words Private Branch Exchange.

PRIVATE BRANCH EXCHANGE TRUNK

A circuit connecting a private branch system with a Central Office.

PRIVATE LINE

A circuit provided to furnish communication between two or more instrumentalities directly connected to it. Such instrumentalities do not have access to the general exchange and interexchange networks.

PRICE LIST

Valley Telephone Co., LLC d/b/a Knology
or d/b/a WOW! Internet, Cable and Phone

Section 26
Original Sheet 16

S26. DEFINITIONS

PRIVATE RIGHT-OF-WAY

A facility route granted to the company on or over private property.

PUBLIC TELEPHONE

An exchange station, either attended or equipped with a coin collecting device, designed and placed for use by the public in general at locations chosen or accepted by the Company.

RESIDENCE SERVICE

Exchange service furnished to customers where the actual or obvious use is for domestic purposes, as more specifically defined by the Tariff.

SEMI-PUBLIC TELEPHONE

An exchange station, equipped with a coin collecting device, designed for a combination of customer and public use at locations more or less public in character. Semi-public telephone service is considered as a form of customer service.

PRICE LIST

Valley Telephone Co., LLC d/b/a Knology
or d/b/a *WOW! Internet, Cable and Phone*

Section 26
Original Sheet 17

S26. DEFINITIONS

SERVICE ORDER CHARGE

The charge for receiving and recording information and/or taking action in connection with a subscriber or applicant and processing the necessary data.

SUBSCRIBER

A person, firm, partnership, corporation, profit or non-profit organization, governmental agency, etc., receiving service from the company.

SUSPENSION OF SERVICE

An arrangement made at the request of the customer, or initiated by the company for violation of Tariff or Price List regulations by the customer, for temporarily discontinuing service without terminating the service agreement or removing the telephone equipment from the customer's premises, as more specifically defined by the Tariff or Price List, as applicable.

TARIFF

The rates, charges, rules and regulations adopted and filed by the Company and approved by the Alabama Public Service Commission.

TERMINATION CHARGE

A charge applying when a customer discontinues an item of service or equipment prior to the expiration of the initial service period designated for such item.

PRICE LIST

Valley Telephone Co., LLC d/b/a Knology
or d/b/a *WOW! Internet, Cable and Phone*

Section 26
Original Sheet 18

S26. DEFINITIONS

TOLL CALL

A call to a point outside the local calling area of an exchange for which a long distance charge applies.

TOLL LINE

A circuit used exclusively for the transmission of messages between points located in different exchange areas where specific charges for each such message are applicable.

TOLL SERVICE

Toll Service (Long Distance Service) is that part of the total telephone service rendered by the company which is furnished between customers in different exchange areas in accordance with the rates and regulations specified in the Company's Toll Tariff.

TOUCHTONE CALLING SERVICE

A classification of exchange service whereby calls are originated through the use of pushbuttons in lieu of rotary dials.

TRUNK LINE

A circuit over which customers' messages are sent between two central offices or between a central office and a private branch exchange system.

PRICE LIST

Valley Telephone Co., LLC d/b/a Knology
or d/b/a *WOW! Internet, Cable and Phone*

Section 26
Original Sheet 19

S26. DEFINITIONS

UNDERGROUND SERVICE CONNECTION

A customer's "drop" wire which is run underground from a pole line or an underground distributing cable.

ZONE

One of a series of specified areas, beyond the base rate area of an exchange in which service is furnished at rates in addition to base rates.

ZONE BOUNDARY

The limit of a specified area beyond the base rate area of an exchange.

ZONE CHARGES

A charge applying in addition to the base rate for service when a subscriber's main station, PBX, or Centrex system is outside the base rate area but is located within the exchange area.

PRICE LIST

Valley Telephone Co., LLC d/b/a Knology
or d/b/a *WOW! Internet, Cable and Phone*

Section 27
Original Sheet 1

S27. DIRECTORY LISTINGS

S27.1 GENERAL

- A. Directory listings encompassed by this Price List are applicable to listings in the alphabetical section in the telephone directory.

S27.2 CONDITIONS

- A. Primary listing which may include the name, address and telephone number of the individual, organization, firm or corporation for whom the service has been contracted will be furnished without additional charge.
1. Listings will be limited to such information as is necessary for identification to facilitate use of the service.
 2. The length of a listing may be limited by the use of abbreviations where the clarity of the listing and the identification of the customer will not be impaired.
 3. The Company may refuse to insert any listing, which in its judgment does not facilitate the use of the directory.
 4. Only one listing is furnished without charge for each main service, joint user service, or PBX system. Where a number of main stations are provided on a rotary basis, they are considered one service. If additional listings are required to properly identify the subscriber, such additional listings will be provided at the appropriate charge.

PRICE LIST

Valley Telephone Co., LLC d/b/a Knology
or d/b/a *WOW! Internet, Cable and Phone*

Section 27
Original Sheet 2

S27. DIRECTORY LISTINGS

S27.2 CONDITIONS (Cont'd)

- B. An additional listing may include the same address and telephone number as the primary listing, except that a different address may be shown for off-premises stations located on other premises occupied solely by the customer. Additional listings may be furnished with businesses who occupy the same premises at applicable rates. (See Joint Use of Service.)
- C. An alternate call listing refers a calling party to certain other telephone numbers after business hours or on Sundays or holidays or if there is no answer on the first listed number. Where the alternate call number is to be that of another customer, the listing will be furnished only with written approval of the other customer.
- D. A foreign or noncustomer listing may be furnished customers requesting that their listing be included in a directory of an exchange other than that from which service is rendered.
- E. Nonlisted service is the withholding of a customer's listing from the printed telephone directory. The number may be obtained from the information operator.

S27. DIRECTORY LISTINGS

S27.2 CONDITIONS (Cont'd)

- F. Nonpublished service is the withholding of a customer's listing from both the telephone directory and information records.
 - a. When nonpublished service is to be furnished, the customer will hold the Company harmless from any damages which might arise, and will absolve the Company from any responsibility for the failure of the customer to receive calls because of the nonpublished listing.
- G. The charge for additional, alternate, unlisted or unpublished listings begin on the day the information records are posted.
- H. The length of contract period for directory listings, where the listing actually appears in the directory, is the directory period. The directory period is from the day on which the directory is distributed to the customers to the day the succeeding directory is distributed to the customers. Unless the listing no longer serves the customer because of disconnection, removal, etc., of the service, the minimum contract period will be for thirty (30) days.

S30. LONG-DISTANCE SERVICES

S30.1 MESSAGE TELECOMMUNICATIONS SERVICE (MTS)

A. Application

This Price List applies to Long Distance Message Telecommunications Service (MTS) furnished or made available by the Company and its connecting companies, over facilities wholly within or partly within and partly without the state of Alabama, between two or more points within the state of Alabama where the respective rate centers of such points also are located within the same LATA in said state.

B. General

1. Long Distance Message Telecommunications Service is that of furnishing facilities for communications between stations in different rate centers for either two-point or conference service.
2. Rates for service between points are based on airline mileage between rate centers. In general, each point is designated as a rate center except that certain small towns or communities are assigned adjacent rate centers with which they are closely associated for communication purposes. Airline mileages between rate centers are determined as provided in S30.1.D. following.
3. Customer or Other Common Carrier-provided terminal equipment or system may be used with facilities furnished to the customer by the Company for Long Distance MTS.
4. Long Distance MTS is provided for use by the Customer and may be used by others when so authorized by the Customer.

C. Two-Point Service

1. Service Between Land Wire Telephones
 - a. Classes of Service
Service is offered on a Station-to-Station basis, as either Dial, Dial Calling Card, or Operator, or on a Person-to-Person basis.
 - b. Rates and Charges
 - (1) Charges for each Long Distance MTS message between any two points within the state and within the same LATA are determined as follows:

PRICE LIST

Valley Telephone Co., LLC d/b/a Knology
or d/b/a *WOW! Internet, Cable and Phone*

C. Two-Point Service (Cont'd)

1. Service Between Land Wire Telephones (Cont'd)

b. Rates and Charges (Cont'd)

(1) (Cont'd)

(a) All messages are rated in full minute increments. Initial minute and additional minute basic rates are specified in the Basic Rate Schedule in Section S30.1.C.1.b.(2). Initial minute rates are for connections of one minute or any fraction thereof. Additional minute rates are for each additional minute or any fraction thereof that the connection continues beyond the first minute.

(b) For any Dialed Calling Card Station, Operator Station, or Person-to-Person message, the surcharge specified in Section S30.1.C.1.b.(4) following is added to the Basic Rate Schedule charge.

C. Two-Point Service (Cont'd)

1. Service Between Land Wire Telephones (Cont'd)

c. Timing of Messages

- (1) The time at the beginning of each minute of connection determines the applicable rate period. The time observed at the rate center of the calling station applies, whether the call is originated as sent-paid or collect.
- (2) On Station-to-Station calls, chargeable time begins when connection is established between the calling station and the called station or Miscellaneous Common Carrier mobile radio system.
- (3) On Person-to-Person calls, chargeable time begins when connection is established between the calling person and the particular person or station specified or an agreed alternate.
- (4) Chargeable time ends when the calling station "hangs up" thereby releasing the network connection. If the called station "hangs up" but the calling station does not, chargeable time ends when the network connection is released either by automatic timing equipment in the telephone network or by the Company operator.
- (5) Chargeable time does not include time lost because of faults or defects in the service.

d. Reversal of Charges (Collect Calls)

- (1) Collect calls are permissible for all telephone calls provided the charges are accepted at the called station. When a collect call is attempted to a coin telephone, the charges must be billed to a Company Calling Card or third party number, or the call may be reoriginated from the called stations.
- (2) The regularly established Operator Station-to-Station or Person-to-Person rates apply.

e. Rates Applicable on Certain Holidays

On Christmas Day (December 25), New Year's Day (January 1), Independence Day (July 4), Thanksgiving Day, and Labor Day, the holiday rate applicable is the Evening rate, unless a lower rate would normally apply.

f. Rates for Hearing or Speech Impaired Customers

(1) Rates for certain MTS calls are reduced for hearing and/or speech impaired customers who meet requirements (a) through (d) following:

- (a) The customer is certified to the Company as having a hearing or speech impairment that prevents telephone voice communication.
- (b) The customer has non-voice equipment used for telecommunications.
- (c) The customer makes written application to the Company for the reduced MTS rates.
- (d) The customer designates to the Company one and only one telephone number associated with that customer's residence service. Reduced rates apply only to calls originated from this telephone number.

(2) Rates for certain MTS calls are reduced for an agency that assists hearing or speech impaired persons under the following conditions:

- (a) The agency provides non-voice telecommunications equipment solely for the use of hearing or speech impaired persons.
- (b) The agency makes written application to the Company for the reduced MTS rates.

(Cont'd)

(2) (Cont'd)

(c) The agency designates to the Company one and only one local exchange telephone number associated with each piece of non-voice telecommunications equipment. Each such number may be used only for calls through the non-voice telecommunications equipment. Reduced rates apply only to calls originated from such designated telephone numbers.

(3) All Dial Station-to-Station (DDD) messages occurring during the Day rate period originated from the designated telephone number will be discounted at 25 percent (%) off the total Basic Rate Schedule charge. All Dial Station-to-Station (DDD) messages occurring during the Evening and Night and Weekend rate periods originating from the designated telephone number will be discounted at 50 percent (%) off the total Basic Rate Schedule charge.

(a) The discount is applied to the total Basic Rate Schedule charge for that portion of a message occurring within the discount period. When application of the discount results in a fractional charge, the amount will be rounded down to the lower cent.

(b) When a message spans more than one rate period, total charges for the connection time in each rate period are calculated, discounts applied and the results for each rate period are totaled to obtain the total message charge.

g. Operator Assisted Premium Plan (Cont'd)

(1) General

A premium is defined as a commission applicable to all 0+ and 0- operator assisted calls. Such premiums may be payable to subscribing customers based upon the Company's revenue generated by said calls. These calls must:

- (a) originate from a telephone line associated with the subscribing customer's account,
- (b) originate and terminate in the same LATA,
- (c) be carried and completed by the Company via Company facilities and
- (d) be billed by the Company.

An additional premium for calls billed to a BellSouth Calling Card may be payable to subscribing customers based upon the monthly revenue generated from said 0+ and 0- operator assisted calls originated from a telephone line associated with the customer's account (the "Calling Card Premium"), as set forth in S30.1.C.1.g.(3)(c) following.

(2) Terms and Conditions

- (a) Qualifying customers may participate in the premium plan by contacting the Company Business office to subscribe. In order to qualify for the premium plan, a customer must meet minimum revenue thresholds.

C. Two-Point Service (Cont'd)

1. Service Between Land Wire Telephones (Cont'd)

g. Operator Assisted Premium Plan (Cont'd)

(2) Terms and Conditions (Cont'd)

(b) The Company may pay scheduled premiums to the subscribing customer. Such premiums will be based on the amount of IntraLATA revenue billed for the previous calendar month as calculated by the Company (the "Monthly Premium"), and will be paid to the customer within thirty (30) days of the end of such calendar month.

(c) No premiums will be paid for any month in which the subscribing customer does not meet minimum monthly revenue thresholds. If a subscribing customer does not meet minimum monthly revenue thresholds for a period of six (6) consecutive months, the Plan will be automatically terminated.

(d) In the event the Company billing records used to determine the premiums are destroyed or lost, the Company shall not be liable for payments of premiums on such lost data.

(3) Scheduled Premiums

(a) Monthly Scheduled Premiums may be payable to subscribing customers based upon the monthly IntraLATA revenue generated by 0+ and 0-operator assisted calls originated from the customer's telephone access line.

(b) On each anniversary date of the customer's subscription, up to the fifth anniversary, the Company may make a single premium payment based upon the total of Monthly Scheduled Premiums paid since the effective date of subscription to the Plan (the "Anniversary Premium"). This Anniversary Premium will be in addition to any Monthly Scheduled Premiums. The Anniversary Premium will cease after the fifth anniversary.

(3) Scheduled Premiums (Cont'd)

(c) The Company may pay the subscribing customer a Calling Card Premium in addition to the scheduled premiums. This Calling Card Premium shall remain constant for the duration of the customer's participation in the Plan, and shall be paid within thirty (30) days following the end of the calendar month in which the calls are billed.

h. Business Saver® Service

(1) Description

(a) This plan is available to business customers only.

(b) Customers who subscribe to Business Saver® service may choose from three options with different term commitments which provide toll volume discounts. The amount of the discount is determined by the intrastate, intraLATA Company MTS charges on the customer's monthly bill as specified in (2) following. There is no additional charge to the customer for this service.

(c) The discounts apply to Message Telecommunications Service (MTS) usage rates as specified in S30.1.C.1.b. preceding. The discounts do not apply to optional calling plans, operator surcharges, directory assistance charges, 976 charges, local exchange service charges or local exchange service calls.

(d) The discounts are applied at the billing account level and are applied after the application of the time-of-day discounts as specified in S30.1.C.1.b. preceding, of this section.

2. Service Through Mobile Telephone Service Base Stations

a. General

- (1) The regulations and rates set forth following apply for Long Distance Message Mobile Telephone Service.
- (2) Long Distance Message Mobile Telephone Service is a communication service through a base station between a mobile unit and a land wire telephone located outside the mobile service area associated with such base station, or between two mobile units served through different base stations having different rate centers.
- (3) Long Distance Message Mobile Telephone Service also includes service through a mobile telephone service base station between a land wire telephone or mobile unit, and another station which is authorized by the Federal Communications Commission to communicate with the mobile telephone service base station, or between two such other stations.
- (4) The party on the mobile unit placing or receiving a long distance call shall inform the mobile service operator, upon request, as to the state in which the mobile unit is located at the time of placing or receiving the call.

b. Rates

- (1) The rates between the applicable land wire telephone rate center and the rate center of the serving base station, or between the rate centers of two base stations are the schedules of rates as set forth in S30.1.C.1.b. preceding.

3. Service Through Miscellaneous Common Carriers

- a. Service is available to and from customers of a Miscellaneous Common Carrier with which arrangements have been made for the interchange of telephone traffic and is furnished through interconnecting equipment and local connecting facilities provided by the Company.
- b. The rates between the applicable wire telephone rate center and the rate center of the Miscellaneous Common Carrier are the rates set forth in this Tariff for two-point service. The rate center of the Miscellaneous Common Carrier is the wire telephone rate center of the Company serving exchange. An additional charge which the Miscellaneous Common Carrier bills to and collects from its customer is applicable to the remainder of the haul as set forth in the Miscellaneous Common Carrier's tariff on file with the Alabama Public Service Commission.

S30. LONG-DISTANCE SERVICES

S30.1 MESSAGE TELECOMMUNICATIONS SERVICE (MTS) (Cont'd)D. Airline Mileage Between Rate Centers

1. General

- a. For the purpose of determining airline mileages vertical and horizontal grid lines have been established across the State of Alabama. The spacing between adjacent vertical grid lines and between horizontal grid lines represents a distance of one coordinate unit. This unit is the square root of 0.1, expressed in airline miles. A vertical (V) and a horizontal (H) coordinate is computed for each rate center from its latitude and longitude location by use of appropriate map-projection equations. A pair of V-H coordinates locates a rate center, for determining airline mileages, at a particular intersection of an established vertical grid line with an established horizontal grid line. The distance between any two rate centers is the airline mileage computed as explained in S30.1.D.2. following.
- b. For long distance message telecommunications service the rate center for a point not listed in this section is the rate center for the central office to which the point is assigned for long distance telecommunications rate purposes; where the point is not assigned to a central office, the rate center is the location of the point.

2. Determination Of Airline Mileages

- a. To determine the rate distance between any two rate centers proceed as follows.
 - (1) Obtain the "V" and "H" coordinates for each rate center.
 - (2) Obtain the difference between the "V" coordinates of the two rate centers. Obtain the difference between the "H" coordinates. The difference is always obtained by subtracting the smaller coordinates from the larger coordinates.
 - (3) Divide each of the differences obtained in S30.1.D.2.a.(2) by three, rounding each quotient to the nearer integer.

Original Sheet 16

S30. LONG-DISTANCE SERVICES

S30.1 MESSAGE TELECOMMUNICATIONS SERVICE (MTS) (Cont'd)

D. Airline Mileage Between Rate Centers (Cont'd)

2. Determination of Airline Mileages (Cont'd)

a. (Cont'd)

(4) Square these two integers and add the two squares. If the sum of the squares is greater than 1777, divide the integers obtained in (3) by three and repeat this step. Repeat this process until the sum of the squares obtained is less than 1778.

(5) The number of successive divisions by three in steps (3) and (4) determines the value of "N". Multiply the final sum of the two squares obtained in (4) by the multiplier specified in the following table for the value "N" preceding.

| N | Multiplier | Minimum Rate Mileage |
|---|------------|----------------------|
| 1 | 0.9 | - |
| 2 | 8.1 | 41 |
| 3 | 72.9 | 121 |
| 4 | 656.1 | 361 |
| 5 | 5,904.9 | 1,081 |
| 6 | 53,144.1 | 3,241 |

(6) Obtain square root of product in (5) and with any resulting fraction, round up to next higher integer. This is the message rate mileage except that when the mileage so obtained is less than the minimum rate mileage shown in (5) preceding, the minimum rate mileage corresponding to the "N" value is applicable.

S30. LONG-DISTANCE SERVICES

S30.1 MESSAGE TELECOMMUNICATIONS SERVICE (MTS) (Cont'd)E. IntraLATA Long-Distance Operator Verification/Interruption Service

1. General

Intra-LATA Verification Service provides operator assistance in determining if a called line is in use. Intra-LATA Interruption Service provides for operator interruption of voice conversation in progress on a line to advise the interrupted subscriber that the interrupting party has an emergency need to reach him. Data use of a subscriber line will be verified, if verifiable, but not interrupted. The customer may request these intra-LATA long distance services for a charge, where facilities are available, by calling the "0" operator within their intra-LATA calling area.

2. Application of Charges

The charges specified in S30.1.E.3. will apply to all requests except:

- a. emergency requests from official emergency agencies when the request is received on an agency line from agency personnel;
- b. emergency requests in which the caller identifies that the request is to one of the following:
 - (1) an official public emergency agency,
 - (2) an emergency medical number, or
 - (3) a privately endowed and operated suicide, drug, alcohol, or runaway crisis reporting center; or
- c. requests in which the operator encounters a trouble condition or has reason to believe a trouble condition exists.

S30.1 MESSAGE TELECOMMUNICATIONS SERVICE (MTS) (Cont'd)

F. Intra-Npa Long Distance Operator Service Requiring Telephone
Number Assistance

1. Intra-NPA Long Distance Operator Service Requiring Telephone Number Assistance is that service for which the operator is required to obtain the telephone number of the called party in order to complete the call. This service is furnished in conjunction with an intra-NPA long distance call placed through a "0" operator.
2. Application of Charges
 - a. The charge specified in S30.1.F.3. will be applicable to all subscribers except for residence customers who are unable to use a telephone directory because of a visual or physical handicap which can be confirmed by a physician, appropriate group, or agency.
 - b. Telephone Number Assistance Charge
 - (1) A telephone number assistance charge applies to operator-assisted intra-NPA long distance Station-to-Station or Person-to-Person calls for which the "0" operator is required to obtain or to attempt to obtain the telephone number of the called party in order to complete the call.
 - (2) Only one telephone number assistance charge will apply on any operator Person-to-Person intra-NPA long distance call.
 - (3) On a completed collect intra-NPA long distance call, a telephone number assistance charge will be billed to the same telephone number or account number billed for the intra-NPA long distance call.
 - (4) A service charge, as specified in S3.6.C., for the long distance operator obtaining, or attempting to obtain, the telephone number of the called party will apply to all telephone number assistance calls described in S3.6.
3. Service Charge
 - a. Telephone Number Assistance Service Charge
\$1.10/call
